Dear parents,

Greetings from Kairos Global School!

Kairos Global school takes immense pride to announce the unveiling of the state of the art, vast and landscaped sports arenas in the form of basketball court, football ground, cricket arena, badminton indoor stadium as per international standards, Lawn tennis and volleyball courts, skating rink ,Taekwondo, swimming etc .Another glorious feather added to their cap, Kairos nurtures the need to give ample space and opportunities for students to hone their skills and talents in the field of sports.

Students were ecstatic to see the lush sprawling courts and stadiums. They explored the space with unmatched and boundless enthusiasm. They dribbled the footballs, practiced bowling and batting, tried their hand in badminton and tennis and could not get enough of the space.It was such a delight to see the Kairosians enjoying sports in its truest sense.

Always a firm believer of holistic education, the chairman Dr.Venkata Reddy and the Principal M.Srilakshmi always aim to ensure that the children are encouraged to pursue sports and give the due importance to it.

Note: Here are the pictures of the grounds Indoor& Outdoor

# *VOLLEY BALL COURT*
