

Kairos Global School believes that events and activities in a school are essential for creating a positive, inclusive, and engaging learning environment that promotes academic and personal growth for students.

They learn to socialize, communicate, and collaborate, which helps develop their social skills and emotional intelligence.

Our school ensures to provide a platform for students to showcase their talents and creativity. Events such as art exhibitions, music displays, annual concerts, and various performances allow students to express themselves and explore their interests. Events such as academic fairs, cultural festivals, and educational field trips expose students to new ideas, cultures, and perspectives. They provide an opportunity for students to learn outside the classroom and broaden their horizons. Here are the highlights of the year- 2022-2023.

ELYSIAN ENIGMA

The competitions were a fusion of talent, imagination, creativity and alertness and was participated by reputed schools in Hyderabad. Whether it was the jaw-dropping entrepreneurial skills of Shark Tank, the unprecedented creativity in 'Trash to Runway', the language and storytelling skills in 'Tale with a Twist', the woke culture of 'the Power of Influencer' or the portrayal of blatant truths in 'Honest advertising and logo' the variety of events helped to bring out the uniqueness of each individual. Spontaneity and confidence were the hallmark of the competition. The students left everyone awe-struck as they presented their talent immaculately and effortlessly.

ROBOTICS AND AI TECHSTEIN

Learn, develop, innovate, and win. This was the motto for the AI and Junior Robotics workshop. Students dived in to the robocars and Hackathons by campo rate where learning wasn't just confined to a classroom but a platform where students could build their own robots and compete them against each other. Winners from preliminary round will be invited to IIT Hyderabad for the national level entrepreneurship championship where students will be creating their startup prototypes. Selected prototype will get cash prizes and complete support to launch their start up

Each competition is an opportunity to learn something new about technology, entrepreneurship, and corporate skills which mould students to become the future corporate leaders.

CLUB DISPLAY DAY

To facilitate leadership roles and accentuate communication skills, Kairos Global School hosted a club display day. The diverse clubs notably, eco-sciensation, knowlegeeks, pixels interactive, Picasso etc. rendered a platform for students to discover that they can be productive and successful in many other ways even outside the classroom, thus boosting their self-confidence and a keen sense of independence.

Familia Ekdromi- A fun day with family at Landscape Park

As we all strive every day to make a living in this world, we find ourselves more tired with little time left to spend with our beloved family. At Kairos Global School, we believe it's important to make a pause in life and spend time with family, especially our children.

“Familia Ekdromi”- A fun day with parents, reminds us all to focus our thoughts, energies and time to those closest to us – the members of our own families. This event gives us an opportunity to reconnect: re-energize, refocus and share some quality time together.

On 28th January 2023, the Pre-Primary wing with their parents celebrated the family event “Familia EKdromi” at Landscape park. This event aimed to gather the tiny toys along with their families in order to interact and get to know each other. This very special day was flavoured by different fun games planned specially for the parents to spend some quality time with their families.
