

"WHAT MAKES A CHILD GIFTED AND TALENTED MAY NOT ALWAYS BE GOOD GRADES IN SCHOOL, BUT A DIFFERENT WAY OF LOOKING AT THE WORLD AND LEARNING."

Literacy:

Initially the kids were introduced to the concept of strokes where they learnt about all the strokes through different hands on activities. Once thorough with the concept, introduction to alphabets Aa-Zz were done through phonic drill, pictures, rhymes and videos. To have a better understanding of the letter formation, the kids were given worksheets also. Kids were taught about vowels, their sounds and how to form three letter words (cvc words).

Numeracy:

The kids were introduced to pre-number concepts through real life objects. They also learnt about the various 2-D shapes. They eagerly participated in searching and showcasing their objects related to the particular shape.

They were also introduced to the concept of number counting through videos and practical objects. They had fun counting numbers from 1-50 .

Number Chart 1-50									
1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

They were introduced to the number names 1 to 20.

Number Words			
1	one	11	eleven
2	two	12	twelve
3	three	13	thirteen
4	four	14	fourteen
5	five	15	fifteen
6	six	16	sixteen
7	seven	17	seventeen
8	eight	18	eighteen
9	nine	19	nineteen
10	ten	20	twenty

EVS:

The kids were introduced to various topics starting with self-introduction where they learnt what is special about them. Then we proceeded to the concept of body parts

and sense organs and the kids happily learnt about the different senses through the play way method. To create a sense of awareness among kids they were also introduced to the different safety rules to be followed at school and home. They also enjoyed learning about various topics related to nature like animal and their young ones, homes of animals, water animals, birds and insects. They learnt to identify and distinguish between the different creatures based on their habitat.

They were introduced to different types of plants, uses of plants, fruits and vegetables and flowers. Kids were explained about different types of seasons. They learnt about the different community helpers who help us in our day-to-day life. They also got to know the places which are important in our neighbourhood.

Fine Motor Skills (FMS):

Fine motor represent to small muscle development which enables a child to hold a pencil or button a shirt. It includes eye hand coordination, eye finger coordination, finger strength and control, as well as the development of muscles such as toes, tongue and eyes. The kids had fun doing fine motor skill activities like zipping and unzipping of bags, tearing and pasting paper, thumb printing, sponge dabbing, leaf printing, vegetable printing, circle pasting, palm printing, paper folding, dal pasting, cotton pasting, free hand drawing, colouring and clay moulding. They also had fun playing and learning concepts with sensorial materials like pink tower, brown stairs, stacking towers, abacus, sorting objects according to shapes and colour.
