Academic excellence, when complemented by active participation in co-curricular and extracurricular activities, ensures the holistic development of students. It fills me with immense pleasure to witness our school making significant strides in this direction, shaping well-rounded individuals who excel in academics, sports, arts, and leadership roles. An idea once planted has blossomed into a flourishing institution, illuminating minds and guiding generations of learners on the path to excellence.

The journey of our school has been marked by perseverance, innovation, and an unwavering commitment to fostering an environment that encourages curiosity, creativity, and critical thinking. Every achievement of our students is a testament to their hard work, the guidance of dedicated teachers, and the unwavering support of parents. Embracing Innovation: Robotics, Activity-Based Learning,

and Flipped Classrooms in Our School

This term, has been a hub of enthusiasm and innovation as we delve into the exciting worlds of robotics, activity-based learning, and the flipped classroom model. These ground-breaking approaches are not only making learning more engaging for our students but are also equipping them with the skills they need to thrive in the future.

Robotics, a fascinating field that combines engineering, programming, and creativity, has been a major highlight. This hands-on experience has sparked a sense of curiosity and

wonder, allowing students to see the direct application of their learning in real-world scenarios. Our robotics program has ignited a passion for STEM (science, technology, engineering, and mathematics) subjects among our young learners. The process of troubleshooting and refining their creations has also taught them the value of perseverance and critical thinking. Alongside robotics, activity-based learning (ABL) has continued to be an integral part of our educational approach. This hands-on method encourages students to learn by engaging in activities that require critical thinking, problem-solving, and collaboration. Whether it's conducting science experiments, participating in group projects, or creating art, activity-based learning makes learning more dynamic and enjoyable. Our students are not mere passive recipients of information; they actively participate in their educational journey. This approach has not only made learning more enjoyable but has also helped students develop essential skills such as teamwork, communication, and creativity. The flipped classroom model is another innovative approach that has been embraced with great enthusiasm. In a traditional classroom, the teacher delivers a lecture, and students

Literacy

Students were exposed to a variety of texts that encourage them to read, listen, learn and interact with engaging content. Our nursery students have taken their first steps toward literacy by recognizing uppercase and lowercase letters, identifying their corresponding pictures, and learning the phonics sounds of each letter!

Numeracy

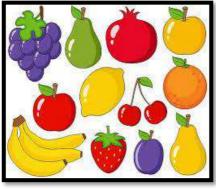

Developing numeracy skills is crucial for nursery children as they build a strong foundation in mathematics. At this stage, their natural curiosity drives them to explore and learn. Our young learners have successfully learned to recognize and say numbers from 1 to 20, count objects, and write numbers independently. They actively engaged in fun, hands-on activities that reinforced their learning and made the experience enjoyable!

EVS

Environmental Studies (EVS) plays a crucial role in a child's physical, emotional, and cognitive development. The children had a delightful time learning about fruits, vegetables, birds, insects, and aquatic animals. They also gained a clear understanding of the differences between wild, domestic, and pet animals. Building on their learning, they explored concepts such as colours, seasons, plants, and various modes of transport. Hands-on activities enhanced their understanding, making the learning experience both interactive and enjoyable.

FMS (Fine Motor Skills)

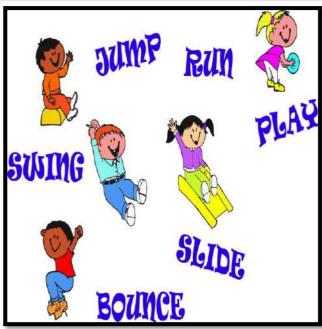

Fine Motor Skills (FMS) are essential for nursery children as they help develop handeye coordination and manipulative skills. These activities strengthen small muscle groups, improving children's ability to perform everyday tasks with precision.

Each fine motor activity involves the use of muscles that control the hands, fingers, and thumb. Engaging in these activities not only enhances their dexterity but also makes learning fun and interactive. The children thoroughly enjoyed a variety of fine motor activities, including sponge dabbing, tearing and pasting, thumb printing, ear-bud printing, shape puzzles, flower printing, and exploring soft and hard textures.

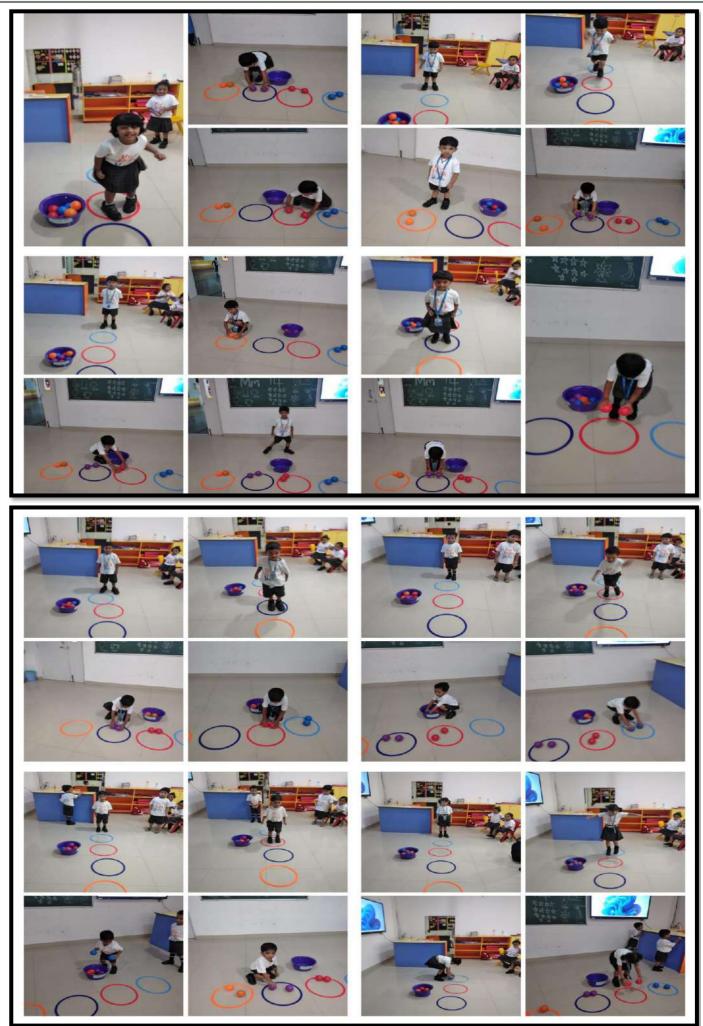

Gross Motor Skills (GMS)

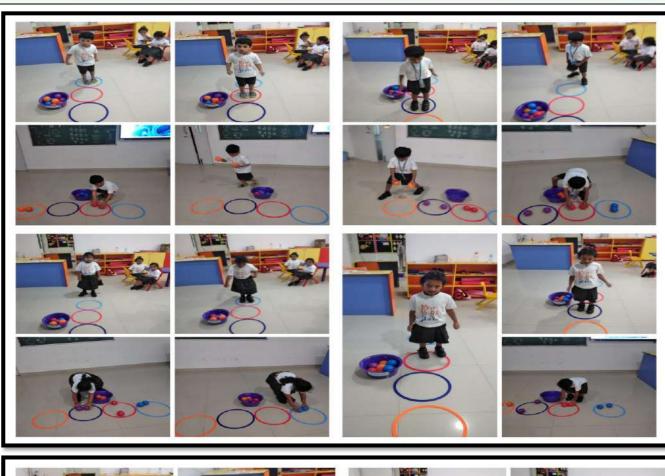

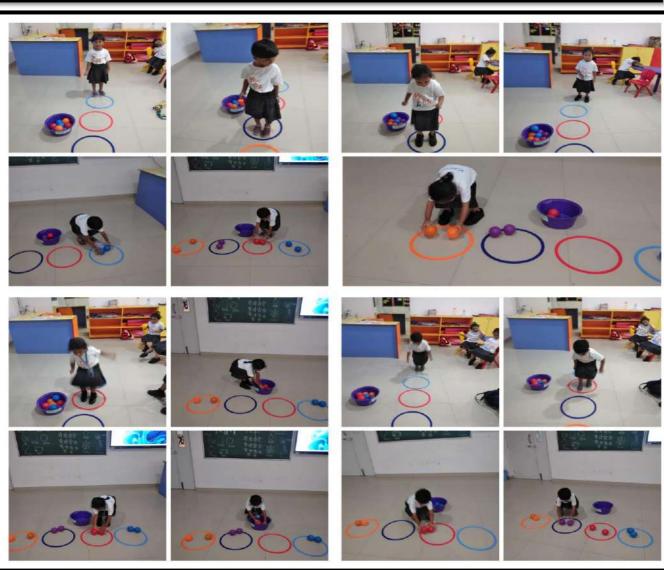

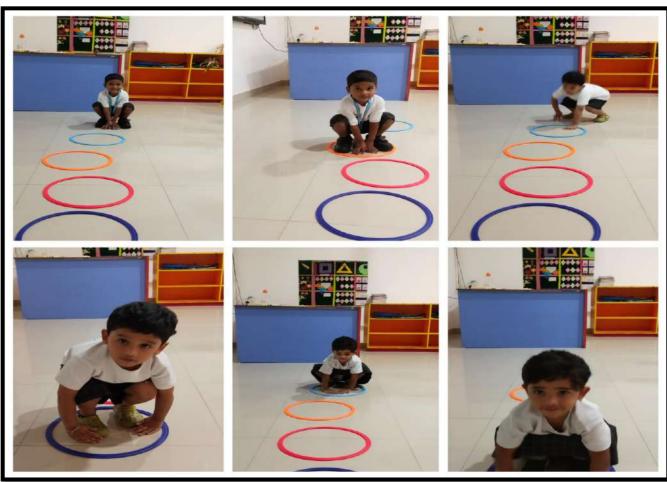

Gross Motor Skills (GMS) are essential for nursery kids to develop physical strength, co-ordination, and overall fitness. GMS activities help kids master large muscle groups, enhancing their ability to perform everyday tasks. Gross motor skills through activities involve the larger, stronger muscle groups of the body. The development of these muscles helps the kids to hold the heads up, stretch, sit, crawl, walk, hop, jump etc... The children enjoyed taking part in a lot of gross motor activities like hopping over cones, jumping inside hoops, crawling, climbing steps, straight and zig-zag walking, running, catch and throw the ball, balancing on tub, free play on slides, etc...

Vaicos

"With the right mind-set and the right teaching children are capable of more than we think "

So come let's explore the magic of learning and growing together with enthusiasm and curiosity.

LITERACY

During this session, the children were introduced to the alphabet (A-Z), vowels, consonants, CVC words, and rhymes. To reinforce these concepts, they participated in various hands-on activities that made learning engaging and effective. Storytelling was integrated into lessons to explain vowels, consonants, CVC words, and rhyming words in a fun and interactive way. Our Little Champions also enthusiastically participated in music-integrated learning, which further enhanced their understanding of these topics. Additionally, freehand writing and picture reading were incorporated, helping children develop a deeper comprehension of the concepts while improving their literacy skills.

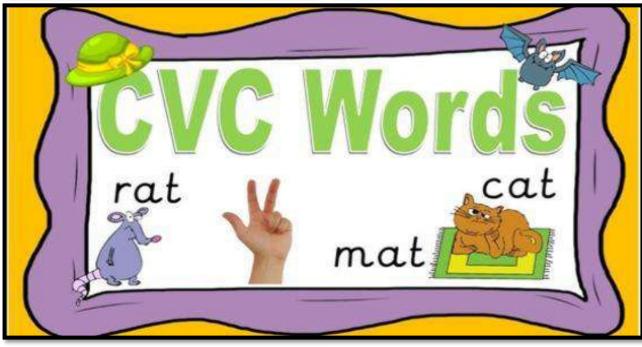

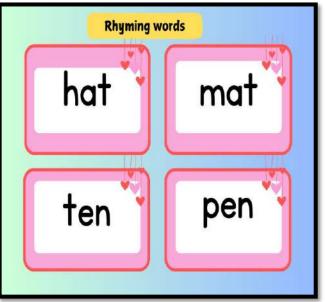

NUMERACY

Wherever there is a number, there is beauty!" Keeping this in mind, our tiny tots were introduced to numbers from 1 to 50 in a fun and engaging way. They didn't just learn numbers—they actively participated in hands-on activities that made numeracy exciting and interactive.

To strengthen their understanding, our learners explored numbers through various activities and storytelling. Later, they were introduced to the concepts of before, after, and between numbers, where they enjoyed completing colorful worksheets.

Additionally, they learned number names from 1 to 20 through rhymes and songs, making the process both enjoyable and memorable. This fruitful session provided our little learners with a solid foundation in numeracy, helping them grasp essential mathematical concepts with ease

EVS

At the beginning of the term, our Little Explorers were introduced to the concept of vegetables and their different types, such as root vegetables, fruit vegetables, and leafy vegetables. To help them understand the difference between fruits and vegetables, they participated in a fun sorting activity. Next came a topic that sparked great enthusiasm among the children—fruits and their types! They eagerly engaged in activities related to this theme. As the term progressed, the children explored various other concepts, including community helpers, where they had the exciting opportunity to dress up as different professionals. They also learned about places in our neighborhood, water and its uses, seasons, flowers, traffic signals, safety rules, and feelings. Each topic was designed to be engaging and interactive, making learning a joyful experience for our young learners!

Fine Motor Skills (FMS)

Fine motor skills involve the coordination of small muscles in movement, particularly using the eyes, hands, and fingers. These skills play a crucial role in the development of intelligence and continue to evolve throughout different stages of human growth.

To enhance the fine motor skills of our toddlers, we engaged them in various sensorial play activities, including cotton pasting, spray painting, sponge dabbing, Christmas tree decoration, coloring, doodle art, ice cream stick pasting, painting, grid drawing, thumb printing, and free play. Each activity was designed to encourage creativity, hand-eye coordination, and muscle control while ensuring a fun and engaging learning experience for our little ones.

Gross Motor Skills (GMS):

Gross motor skills involve whole-body movement and the use of large muscles to perform everyday functions. Developing these skills not only strengthens the body but also boosts confidence in our tiny tots. Our little learners were thrilled to participate in various activities designed to enhance their gross motor skills. These included balancing on a tub, cycling, riding a tricycle, playing traditional games like the hoop and stick game, throwing a ball into a basket, climbing stairs without support, balancing a book on their head, running fast, hopping, throwing and catching, walking on curved lines, and free play on slides. Each activity was designed to be fun and engaging while helping children develop strength, coordination, and balance.

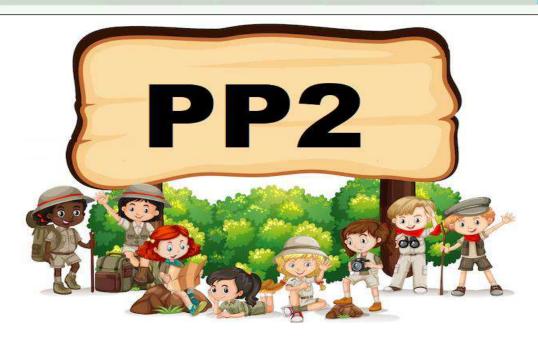

"A child must know that he is a miracle, that since the beginning of the world there hasn't been, and until the end of the world there will not be, another child like him." ~ Pablo Casals

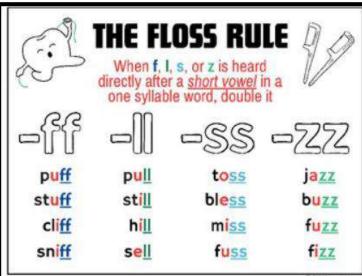

As the world around us brightens with warmth, so do our little Kairosians! This term, we embrace new adventures, fresh discoveries, and moments of joy that shape each child's journey. Like a flourishing garden, every child is growing in their own unique and beautiful way. Together, let's nurture their potential, celebrate their milestones, and create lasting memories filled with learning, laughter, and love. Here's to a season of blossoming and brilliance!

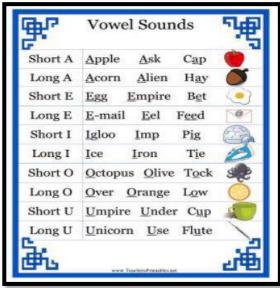

LITERACY

The kids had recap of cvc words, action words & vowels children enjoyed doing opposite words with actions. They were so excited to do picture reading and learning how to spell the days of the week and months of the year. Recap of cvc words were also done and children enjoyed while forming rhyming words with phonic sound. The kids learnt how to identify the picture and write the rhyming words. They enjoyed doing blends & finding new sounds. They were also introduced to the concept of long vowel sound words, double letter words and different /s/ and /o/ sound words. They enjoyed singing the tunes of various rhymes and watching videos of related topics and moral stories.

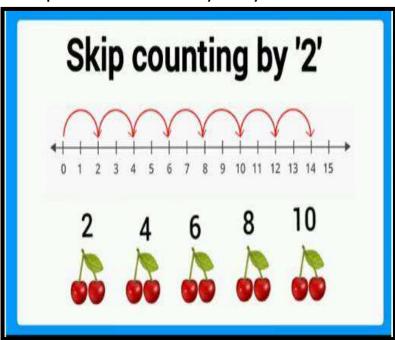

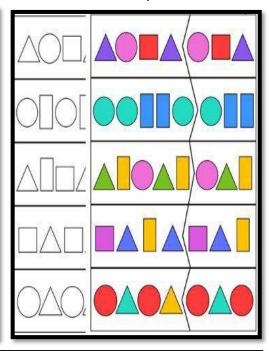

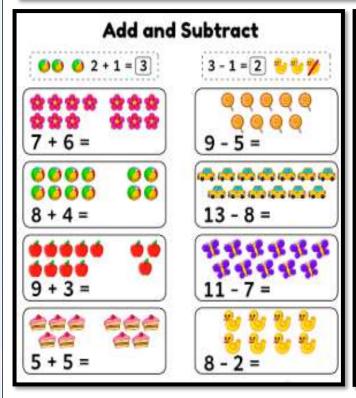

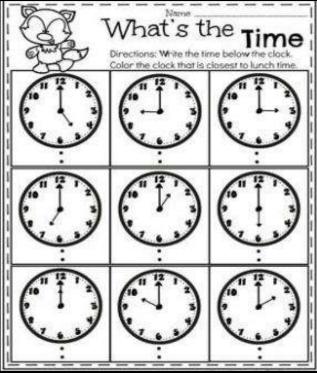

NUMERACY:

The kids had recap of number names 1 to 30 and were introduced to number names 31 to 50. They learnt how to arrange numbers in increasing and decreasing order. They learnt how to compare numbers using greater than, lesser than and equal to signs. The kids enjoyed recognizing & writing patterns. They were overjoyed doing activity based on skip counting by 2's, 5's and 10's. They were also introduced to the concept of addition and subtraction. They were excited to do addition & subtraction on number line & with help of picture and objects. They were then introduced to the concept of time & currency. They had fun-filled activities on each topic.

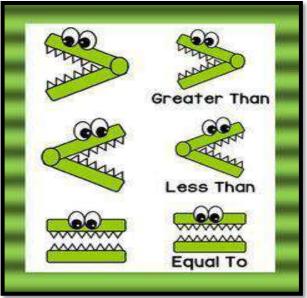

EVS

The toddlers had an introduction on various topics beginning with our Neighbourhood places (Around us), community helpers (help us in daily), and they are so excited to know about Solar system, festivals (celebrating in our country) and important days. To add more joyful they learned about some dances of India, musical instruments, indoor and outdoor games, Magical words, seasons, water sources and how to save our environment, National symbols, traffic rules and traffic light.

Fine Motor Skills (FMS)

Fine motor skills involve the coordination of small muscles, typically in the hands and fingers, to perform precise movements. These skills are essential for activities like writing, buttoning a shirt, using utensils, typing, and playing musical instruments.

Types of Fine Motor Skills

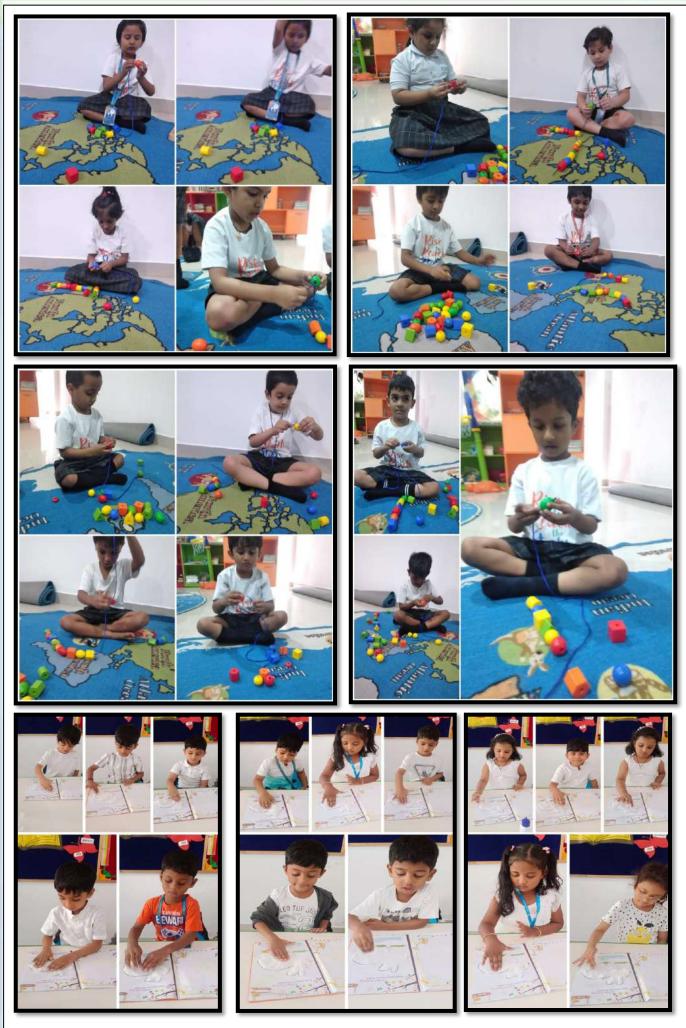

- 1. Hand-Eye Coordination Using vision to guide hand movements (e.g., catching a ball, threading a needle).
- 2. Dexterity Controlling small movements with fingers and hands (e.g., picking up small objects).
- 3. Grip Strength Holding and manipulating objects firmly (e.g., gripping a pencil).
- 4. Finger Isolation Moving fingers independently (e.g., playing piano keys).

The PP2 Children had fun doing Fine motor Activities like 3-D shapes sorting, threading beads, clay moulding, palm printing, spray painting, pasting ice-cream sticks on Christmas tree, colouring, zippig and unzipping and arranging number on abacus.

Gross Motor Skills (GMS)

Gross motor skills are the abilities usually acquired during childhood as part of a child's motor learning. By the time they reach two years of age, almost all children are able to stand up, walk and run, walk up stairs, etc. These skills are built upon, improved and better controlled throughout early childhood, and continue in refinement throughout most of the individual's years of development into adulthood. These gross movements come from large muscle groups and whole body movement. These skills develop in a head-to-toe order. The children will typically learn head control, trunk stability, and then standing up and walking. It is shown that children exposed to outdoor play time activities will develop better gross motor skills. The PP2 kids enjoyed doing Gross motor activities like hopscotch, zig zag walking and running, hopping inside hoops, throw and catch the ball, outdoor games and free play on slides.

यह वर्णन एक शैक्षिक गतिविधियों का क्रम है, जिसमें बच्चों को हिंदी स्वर और व्यंजन की शिक्षा दी गयी है।

ऑक्टोबर में बच्चों को स्वर और पहले किए गए व्यंजनों का पुनर्कथन करवाया गया और इसके बाद नए व्यंजन जैसे "च" से "ण" के बारे में जानकारी दी गई। इसके अलावा, बच्चों ने इन व्यंजनों से बनने वाले कुछ शब्दों को पहचाना और नानी का है गजब करिशमा, ठेला मे केला की कविता का आनंद लिया।

नवंबर में बच्चों ने "त" से "न" तक के व्यंजन सीखे और उनसे जुड़े शब्दों को भी जाना।साथ ही, उन्होंने नानी तेरी मोरनी कविता भी सीखी।

दिसंबर, जनवरी, और फरवरी के महीनों में बच्चों ने बाकी के व्यंजन जैसे "य" से "ज्ञ" तक के बारे में पढ़ा और उनसे संबंधित कई गतिविधियाँ कीं।

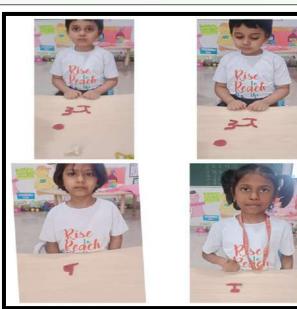

बच्चों ने शेर और ख़रगोश, हाथी और पेड़ की कहानी का भी मज़ा उठाया।पशुओ, पक्षियो, फल, <mark>फूल</mark>, अपने शरीर के अंग के नाम, रंगो के नाम, १-१० शंख़या के बारे में पढा।

यह तरीका बच्चों को व्यंजन और शब्दों की पहचान कराने में बहुत प्रभावी है, और उनकी भाषाई क्षमताओं को विकसित करने में मदद करता है।

MATH

Division

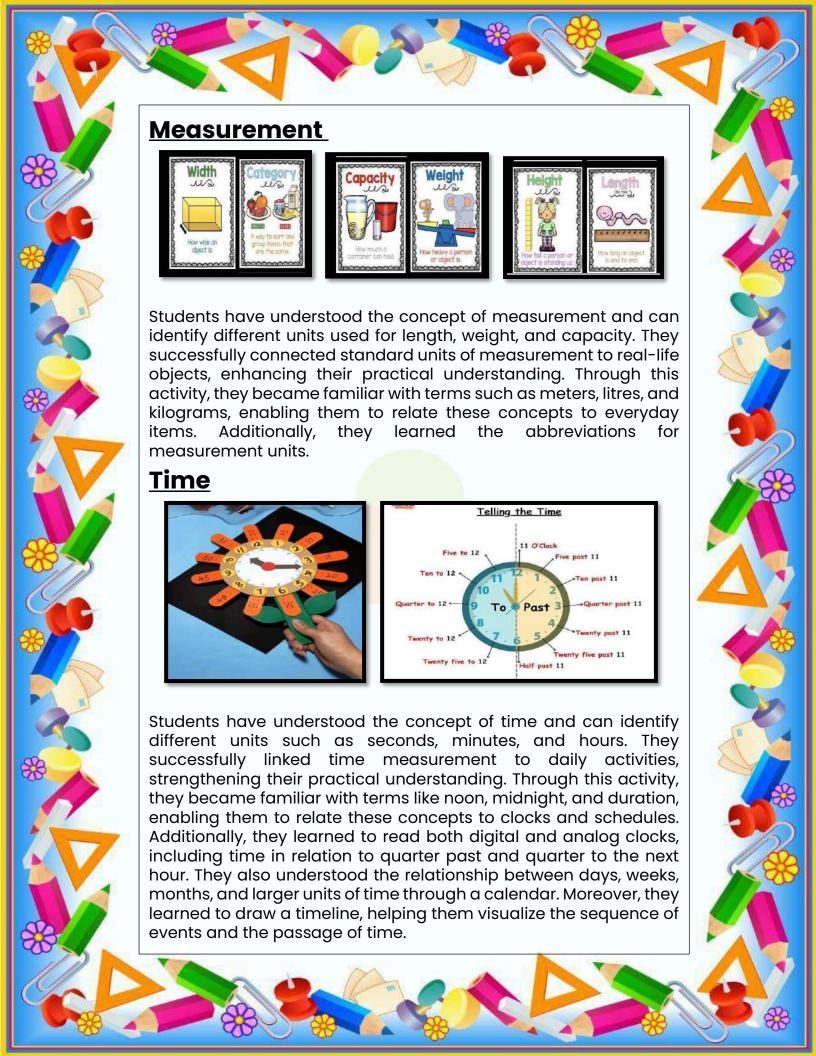

Division is a fundamental mathematical operation that enhances critical, logical, and problem-solving skills. Students engaged in various activities that facilitated their understanding of division concepts. They became familiar with key terms such as dividend, divisor, quotient, and remainder. Additionally, they learned how to divide both two-digit and three-digit numbers, and they grasped the practical applications of division in real-life situations.

Fractions

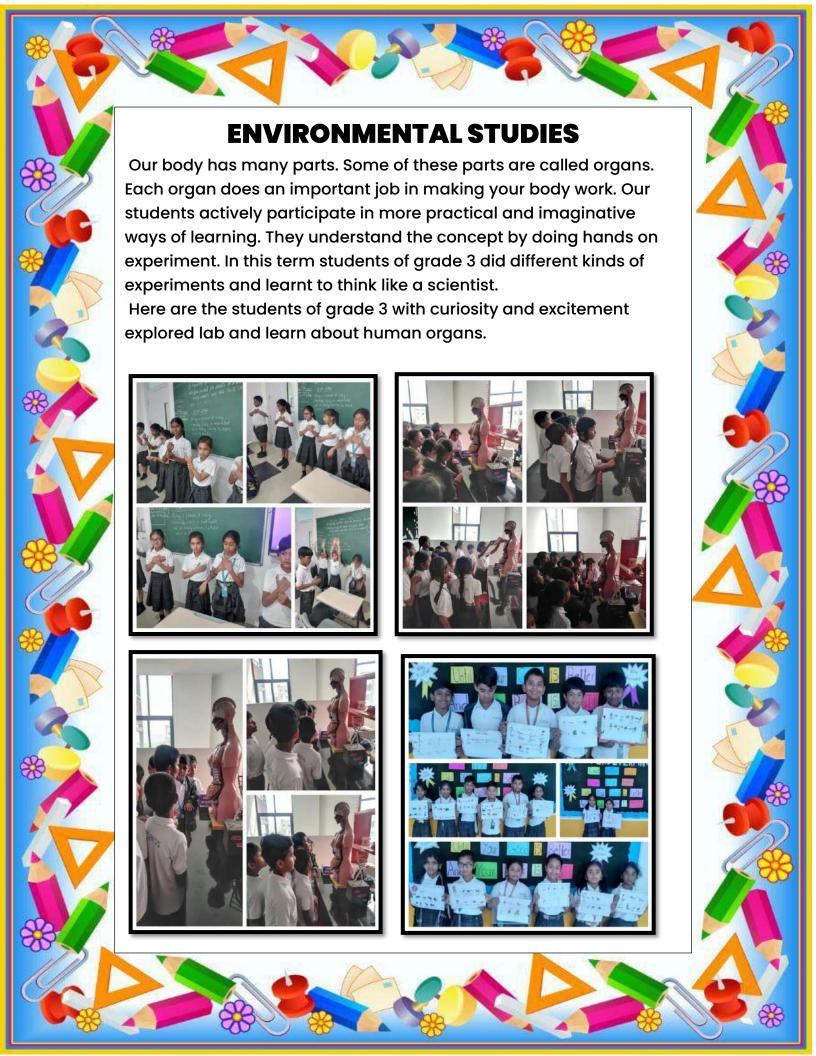

Students have grasped the concept of fractions and can identify fractions within a group. They successfully linked the idea of fractions to measurements of length and capacity, thereby establishing real-life connections. Through this activity focused on fractions, they became acquainted with terms such as half, one-third, and quarter, enabling them to relate these concepts to tangible objects or images. Additionally, they were introduced to the notation used for fractions.

This activity made students to feel more comfortable in expressing themselves and presenting ideas in a better way. By participating in role-play activity students learned the responsibilities, skills and challenges associated with various careers. Students gained knowledge about a wide range of occupations, including their typical duties, work environments, and necessary qualifications.

By creating a poster on types of pollution, students learned to identify different forms of pollution like air, water, land, noise. Students grasped the harmful effects of each pollution type on ecosystems and human health. Students recognized the various human activities contributing to different forms of pollution. The poster making on types of pollution encouraged students to effectively convey information through images, graphics, and concise. Researching relevant information on the poster promoted critical thinking skills in students. This activity promoted environmental awareness in students about the importance of environmental protection in being a responsible citizen.

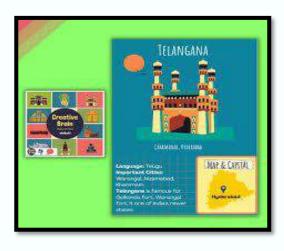

Fact Sheet On My State Fact sheet on important states in India:

By creating a fact sheet on their own state students learned about the geographical features like mountains, rivers, climate zones and historical knowledge about their state. This activity made students to develop research skills and information abilities. Student developed critical awareness by analyzing key facts and distinguished between relevant and irrelevant information. This activity encouraged students to learn more about their local community and state pride.

ENGLISH GRADE 6

Communication–the human connection–is the key to personal and career success.—

Paul J. Meyer

English is more than just a language; it is a tool for global communication. It connects people across borders, enabling them to share ideas, collaborate on projects, and understand different perspectives. Whether it is for academic pursuits, professional growth, or personal enrichment, English proficiency is a vital skill. It provides access to a wealth of resources, from world-class literature and research to digital content and entertainment. Moreover, English serves as a gateway to understanding diverse cultures, fostering empathy, and building meaningful relationships. English is both a tool and an art form. Its vocabulary is expansive, offering nuanced ways to describe the world, from the scientific to the poetic. Its grammar, though often confounding, provides structure and rhythm, allowing for creativity within its rules—or even by breaking them. It is a language of contradictions: simple yet complex, rigid yet flexible, universal yet deeply local. To write about English is to grapple with its duality—its beauty and its burden, its capacity to unite and to divide. Itis a language that belongs to no one and everyone, a mirror reflecting the complexities of the human experience. And as it continues to evolve, it remains a testament to the resilience and adaptability of those who speak it, shape it, and make it their own. This term, we have embarked on a journey through the enchanting world of literature, the precision of grammar, and the creativity of writing. Let's take a moment to reflect on what we have explored and achieved so far.

Literature: A Journey Through Time and Imagination

This language has turned many things right in order to make our students aware about the various values and intellects resulting in character building. 'The tide has turned' metaphorically suggests are versal of fortune, momentum, or circumstances and the courage one has to show while in depressed conditions. The beautifully woven thread'The Indian Weavers' shows the cycle of Life-the three major stages of human life—birth, youth, and death—through the weavers' creations. It reflects on the fleeting nature of life and

the inevitability of death. The poem, "My Chicken on the Internet" revolves around the humorous and surreal scenario of a chicken becoming an internet sensation. It explores themes of modern fame, the absurdity of viral culture, and the unexpected ways life can take a turn in the digital age. While learning activity-based learning, on the other hand, offers a dynamic and interactive approach that engages students actively in the learning process.

Grammar: The Foundation of Clarity

Grammar has been our trusty companion this term. Students have mastered the tenses, using it to describe actions which have just been completed or have relevance to the present. Students have also explored other essential grammar concepts such as conjunctions, prepositions, active and passive voice, simple, compound and complex sentences, modal verbs etc. ensuring that our sentences are clear, precise, and impactful. Through exercises and activities, we have strengthened our understanding of the rules that make English a beautiful and functional language.

Writing Skills: Crafting Thoughts

Students' writing skills have flourished this term. Students have practiced descriptive writing, where they painted pictures with words, and narrative writing, where they told stories that captivated their adders. Students have also worked on persuasive writing, learning how to present arguments effectively. Each E-mail writing, diary, story, notice and paragraph writing students have written has been a step toward becoming confident and articulate writers.

Activity-A booster to the creative mind

Activities make students work on projects that require research, presentation, and collaboration, helping them apply their language skills in real-world contexts. Activities make learning interactive and enjoyable, keeping students motivated and interested in the subject. Students learn to use English in real-life situations, making the language more relevant and useful. Activities like writing, discussions, and role-playing help students develop fluency, clarity, and confidence in speaking.

Here are some activities which made the students full of confidence and creative.

MATHEMATICS

In Term 2, the Grade 6 students embarked on an exciting mathematical journey that encompassed a diverse array of topics. They delved into the fascinating world of algebraic equations, unravelling the mysteries of variables and expressions. The students also explored the concepts of ratio and proportion, gaining a deeper understanding of their practical applications. Through hands-on activities, they constructed various angles, mastering the techniques required for precision and accuracy. The topics of perimeter and area were brought to life as they calculated the boundaries and spaces of different shapes. In data handling, the students learned to collect, organize, and interpret data, developing essential analytical skills. Their exploration of 3D shapes opened a new dimension of understanding, as they visualized and created models of solids. Additionally, they revisited elementary shapes, reinforcing their foundational knowledge. They also had a flipped classroom which enhance their creativity skills.

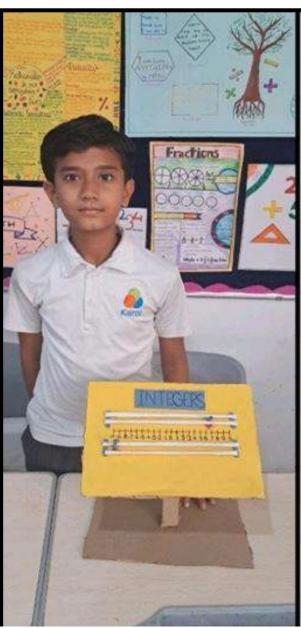

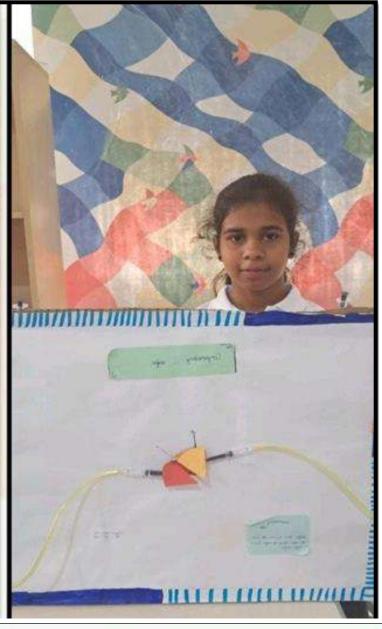

The interactive and engaging activities made the learning process enjoyable and memorable for the students, sparking their curiosity and fostering a love for mathematics. Overall, Term 2 was a period of growth and discovery, with the Grade 6 students thoroughly enjoying the dynamic and hands-on approach to learning these essential mathematical concepts.

The school recently hosted a student-led conference where the young mathematicians dazzled everyone with their working models for math. Each student proudly presented their projects, demonstrating their understanding of complex concepts through interactive and innovative models. The hands-on approach allowed them to bring abstract theories to life, showcasing their creativity and problem-solving skills. Parents and teachers alike were impressed by the students' ability to apply their knowledge in practical ways. The event was a resounding success, highlighting the importance of active learning and student engagement in education.

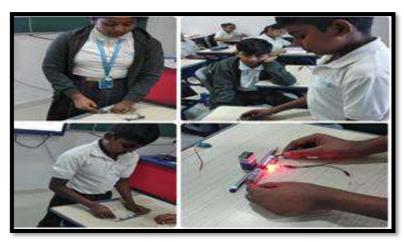

SCIENCE

"Equipped with his five senses, man explores the universe around him and calls the adventure Science."

- Edwin Hubble.

Hands-on experience in science helps students gain a deeper understanding of scientific concepts by allowing them to actively engage with experiments, materials, and real-world applications, which leads to improved retention of information, enhanced critical thinking skills, increased motivation, and a stronger connection between theory and practice; essentially, "learning by doing" makes science concepts more concrete and relatable. Science is always fun as we all know. It enlightens a thinking capacity. The fun lies in overcoming the obstacles by using our knowledge and practical sense. Science is the backbone for understanding each and every phenomenon in this world. Students curiously learnt the topic of electricity, magnet air around us and performed different hands-on activities to gain a deeper knowledge. We are looking forward to exploring more in the upcoming academic year and making our science class more fun as we know how important science is to the development of any Nation. Hence, we all will work together for success.

SOCIAL SCIENCE

Learning Social Science fosters a deeper understanding of our world's complexities, cultures, and histories. By exploring these concepts, students develop vital skills like critical thinking, creativity, and global awareness. These skills not only enhance their academic performance but also prepare them to become active, informed, and compassionate citizens, capable of making a positive impact in their communities and beyond.

Students of grade 6 have explored a variety of engaging chapters, enhancing their knowledge and understanding of the world.

Chapters Covered

The Mauryan Empire

Urbanization and its Historical Stages

The Golden Age of Classical India

The Cultural Heritage of India

Major Domains of the Earth

Our Country-India

Rural Administration

Urban Administration

Rural livelihoods

Urban livelihoods

To reinforce their understanding, students participated in various interactive activities, including:

Debates: Students engaged in respectful discussions, which helped them develop critical thinking and public speaking skills.

<u>Creative Models:</u> They created innovative models representing the layers of the Earth, helping them visualize complex concepts.

Warli Art: Students explored traditional Indian art forms to express their creativity through Warli art.

<u>Informative Posters:</u> They designed posters that showcased the knowledge they gained.

ROIE Play: Students acted out scenarios to deepen their understanding and foster empathy.

These activities have significantly enhanced their comprehension while fostering essential skills such as critical thinking, creativity, and effective communication.

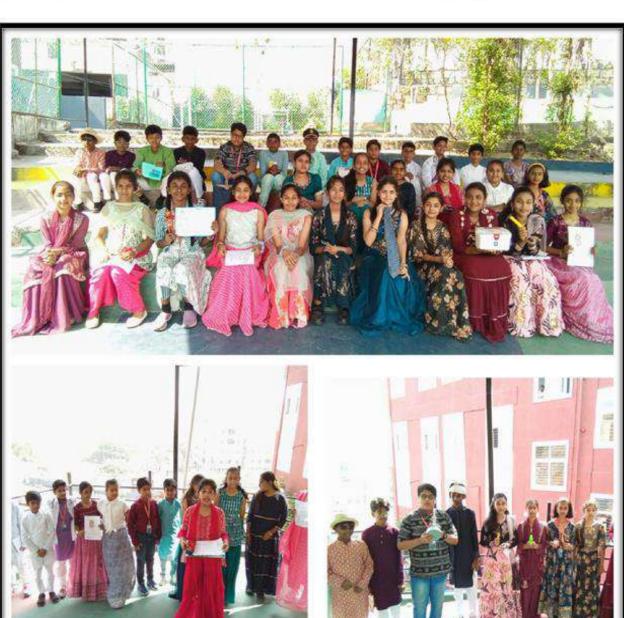

As the academic session came to an end, our school hosted a student-led conference that provided a platform for talented students to showcase their knowledge and skills in Social Sciences

ENGLISH GRADE 7

"The English language is a work in progress. Have fun with it!"- Enrouting Second Term with English

In today's interconnected world, English has emerged as the global lingua franca, bridging cultures, fostering collaboration, and opening doors to countless opportunities. It is the key to accessing knowledge, building careers, and engaging with a diverse, international community. However, mastering English is not just about memorizing grammar rules or expanding vocabulary— it is about developing the ability to think, communicate, and express oneself effectively. This is where activity-based learning comes into play, transforming the process of language acquisition into an engaging, immersive, and impactful experience.

Activity-based learning offers a dynamic and interactive approach that engages students actively in the learning process. By incorporating hands- on activities, real-life scenarios, and creative exercises, this method makes language learning more enjoyable, relatable, and practical. Students in English have gained knowledge through the following streams.

<u>Prose and Poetry:Unveiling Timeless Tales</u> <u>and exploring Emotions and Expressions</u>

This term, students have immersed themselves in engaging prose and poetry that have broadened their perspectives and ignited their imaginations, students have encountered intriguing characters, explored different cultures, and delved into thought-provoking themes. From the heartwarming lessons of friendship and courage to the thrilling twists of adventure stories, every tale has left them with valuable insights. The discussions and reflections have enriched their understanding of literary elements and deepened their appreciation for storytelling.

this second half, students in English have learnt many moral values—Values such as integrity and responsibility instill a sense of accountability, ensuring that individuals take ownership of their actions and their consequences, While intellect allows a person to understand and process information, wisdom helps them use that information in a meaningful and ethical way. In the lesson 'Retrieved Reformation' students have got the idea about coin's other side can also go different with beautiful life changing aspects. The poem, 'The Solitary Reaper' by William Wordsworth conveys a message of the power of nature, memory, and the beauty of simple, everyday experiences. The story 'Midnight Visitor' conveys the message that intelligence, quick thinking, and presence of mind are more powerful than physical strength or weapons. A mother's love is selfless, pure, and unwavering, supporting her children through all hardships was the essence of the poem 'Mother'. This way students have gained various qualities and values through their journey of language.

<u>Grammar: The Backbone of Language and progression towards building language</u>

Grammar has been our guiding light, ensuring that our sentences are structured correctly and our communication is precise. This term, students have mastered essential grammar concepts, including verb tenses, conjunctions, prepositions, active and passive voice, narration and complex sentence structures. They have practiced applying these rules in writing and speech, strengthening their command over the English language. Understanding grammar has empowered them to write and speak with clarity and accuracy, making their communication more effective.

WritingSkills:CraftingOwnMasterpieces

This term, students have honed their writing skills by experimenting with different forms of creative expression. From composing compelling narratives to drafting persuasive paragraphs, our young writers have unleashed their imagination and sharpened their communication skills. They have learned the importance of structuring their ideas effectively, using vivid descriptions, and weaving words together to create impactful pieces. With each writing task like an Article, Notice writing, Diary writing and Letter writing they have gained confidence in expressing their thoughts clearly and convincingly.

TRIBAL COMMUNITIES AND THEIR PRACTICES ACTIVITY

'Tell me and I forget, teach me and I remember,involve me and I learn' —

Benjamin Franklin.

Tribal communities have their unique art, dance, and music forms, like Warli art and Chhau dance, reflect their rich heritage. Preserving indigenous languages and folklore teaches us the importance of cultural identity. Despite challenges like modernization and displacement, tribal communities preserve their traditions while adapting to change. This resilience teaches us how to balance progress with tradition. They are preserves their unique customs and do follow them . The following activity dwells with that same thought.

Kairos Global School – Where Learning is a Joyful Adventure!

As we conclude this term, we celebrate the growth we have achieved in our linguistic

journey. Each lesson has been a stepping stone towards mastering the art of English, and each challenge has made stronger learners. Let us continue to explore, question, and create with enthusiasm, for the world of English is vast and full of wonders. With great excitement for the next chapter of our learning, we sign off knowing that our love for English will continue to flourish

MATH

Math is very important in the curriculum for Grade 7 learners. Mathematics is a branch of knowledge that deals with numbers, quantities, shapes, and patterns. It provides a way to understand and interpret the world around us, using logical reasoning and problem-solving techniques. Mathematics is foundational to many fields.

Students learnt about

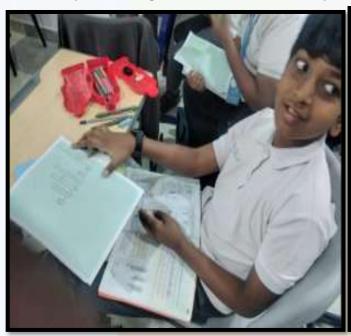

- Simple Linear Equation: Students learn about Framing the equation and methods of finding the solution of an equation which are unknown values.
- Ratio and proportion: Students learnt about conversion of different units and comparing the quantities, proportions and unitary method.
- Percentages and its Application: Definition and importance of percentages on different fields especially on shopping malls.
- Lines and Angles: Explained about angles and its types and properties of transversal.
- <u>Properties of Triangles:</u> Explained about types of triangles which are side and angled based triangles, exterior angle, interior angles, triangle inequality and Pythagoras theorem based problems.
- Perimeter and Area: Explained about how Perimeter and Area useful to real life application by using different examples and also explained circle concept how can find the circumference by using the formula.

• Collecting and Organizing Data: Students learnt about how can raw data can make in a meaning-full information and also learnt about information represented in to the graph.

Activity:

Representing data in to the Bar Graph by case study on favorite colors.

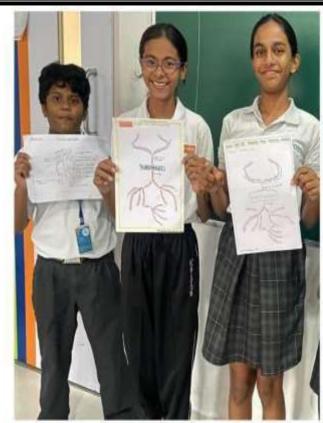

Science

In Term 2, the Grade 7 students embarked on an exciting scientific journey that encompassed a diverse array of topics. Science is the key to understanding the world around us. From the smallest particles to the farthest reaches of space, science helps us answer the big questions about life, the universe, and everything in it. Whether it's uncovering the secrets of ancient civilizations or exploring new technologies, science is constantly evolving, offering endless opportunities to learn and grow. They also had a flipped classroom which enhanced their creativity skills.

Students did experiment on concave and convex mirror, they were excited while doing the experiment on differentiating acidic and alkaline properties of a solution by using PH values.

SOCIAL SCIENCE

Learning Social Science is an exciting journey that helps students understand the world around us. By studying social studies, students gain valuable insights into our culture, history, geography, and relationships with others. Students learn about the achievements and challenges of people from different times and places, and develop critical thinking skills to analyse complex social issues. Through social studies, students become more informed, empathetic, and responsible citizens, equipped to make a positive difference in our communities and the world.

Students of Grade 7 have explored a variety of captivating chapters, enhancing their knowledge and understanding of the world.

Chapters Covered

- Religion and Philosophy in Medieval India
- The Arrival of Regional Cultures
- The Decline of the Mughal Empire
- Water
- Life in the Desert
- Life in the Tropical and Sub-Tropical Regions
- Life in the Temperate Grasslands
- Gender Discrimination and Equality
- Media: A Pillar of Democracy
- Advertising
- Markets
- Equality and People for Equality

To reinforce their understanding, students participated in several interactive activities, including:

- Debates: They engaged in respectful discussions to develop their critical thinking and public speaking skills.
- 2. Miniature Painting: They created intricate artwork inspired by medieval Indian art.
- 3. Poster Design: They crafted informative posters to showcase their knowledge on the topic of discrimination.
- 4. Advertisement Creation: They designed and produced their own advertisements to apply marketing concepts.

These activities have deepened their understanding and fostered essential skills such as critical thinking, creativity, and effective communication.

GRADE 8

ENGLISH

<u>Unleashing Creativity Through English at Kairos</u> Global School:

"Language alone protects us from the scariness of things with no names. Language alone is meditation." By Tony Morisson

This quote beautifully encapsulates the essence of learning English—not just as a means of communication, but as a tool for creativity, self-expression, and innovation. At Kairos Global School, we emphasize nurturing students' imaginative abilities, enabling them to explore the richness of the language while sharpening their skills in reading, writing, and grammar.

Nurturing Narrative Skills in the Second Term

The second phase of the academic year focused on enhancing students' storytelling abilities. Grade 8 students dived into the art of narrative writing, learning how to craft compelling characters, develop engaging plots, and build immersive settings. Through structured exercises and guided practice, they honed their ability to bring stories to life, strengthening both their creativity and technical proficiency in English.

Exploring Literary Wonders in the Second Term

The second term introduced students to some of the most fascinating works in English literature. Their journey began with The Model Millionaire by Oscar Wilde, a humorous yet thought-provoking tale that underscores the themes of generosity and the contrast between appearance and reality.

Students also explored Lessons like 'The Never Never Nest', a short but impactful play that highlights the consequences of excessive borrowing and financial irresponsibility. This was followed by Lochinvar, a classic poem by Sir Walter Scott, which tells the adventurous story of a brave knight who defies all odds to win his love. Another compelling lesson was Riches, a story that challenges our perception of wealth and happiness, urging readers to reflect on what truly matters in life.

Students also engaged with A Wedding in Russia, a captivating narrative that provided insight into cultural traditions and the depth of human emotions. These literary pieces not only expanded their appreciation for storytelling but also deepened their understanding of important life values and literary techniques.

The Role of Grammar in Mastering the Language

A strong command of grammar is essential for clear and effective communication. Understanding grammatical structures allows students to express their thoughts precisely, avoiding confusion and ambiguity. Throughout the year, students refined their grammatical knowledge by studying key topics such as Direct- Indirect Narration, Subject- Verb Agreement, Tenses, and Modal Verbs. Mastering these concepts helped them construct well-formed sentences, enhancing both their written and spoken communication skills.

Strengthening Writing Proficiency

Writing is a powerful skill that plays a crucial role in academic and personal growth. During the first term, students explored various writing formats that enriched their ability to convey ideas effectively.

<u>Descriptive Writing: Encouraged them to use vivid language</u>, sensory details, and figurative expressions to create engaging compositions, stimulating their creativity and imagination.

Notice Writing: Taught them the importance of structure, brevity, and clarity in formal communication, helping them deliver information effectively.

<u>Diary Entry</u>: Allowed students to express their personal experiences, thoughts, and emotions in a reflective and creative manner.

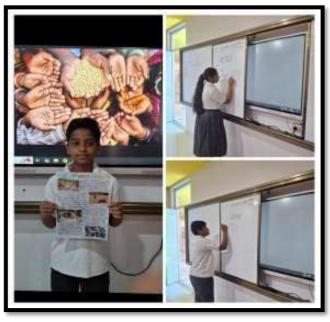

<u>Letter to the Editor</u>: Strengthened their persuasive writing skills, enabling them to articulate opinions on social issues with logical reasoning and factual support.

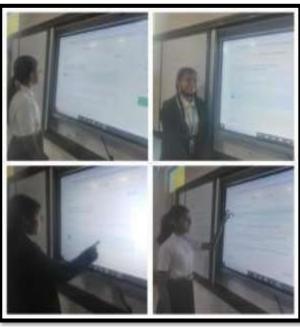

These writing exercises not only sharpened their ability to express themselves with precision but also helped them develop critical thinking, research skills, and information literacy.

With each lesson, our students are not just learning English—they are embracing the power of imagination, storytelling, and communication, equipping themselves for a future filled with limitless possibilities.

The Journey Ahead:

At Kairos Global School, we are committed to fostering a love for English by providing students with the best tools to develop their linguistic and creative skills. As the academic year comes to a close, we look forward to further enhancing their literary appreciation, writing proficiency, and confidence in using the language effectively, in the years to come

MATH

Math is very important in the curriculum for Grade 8 learners. Mathematics is a branch of knowledge that deals with numbers, quantities, shapes, and patterns. It provides a way to understand and interpret the world around us, using logical reasoning and problem- solving techniques. Mathematics is foundational to many fields.

Students learnt about

<u>Factorization</u>: In this chapter we learnt about factorization of algebraic expressions, finding HCF of polynomials, factorization by regrouping the terms, factorization of quadratic trinomials.

<u>Simple Linear Equations:</u> Students learnt about transposition of terms and application of linear equations.

Percentages and its Application: Students learnt about percentage, profit and loss and value added tax.

Simple and Compound Interest: Students are learn about interest on simple and compound interest

Direct and Inverse Variation: Students are learnt about ratio and proportion, direct and inverse ratio on different application problems.

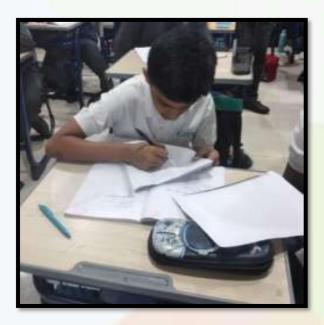

<u>Surface areas and Volumes:</u> Students are learnt about 3D shapes which are edges, vertices, faces, curved surface areas and volumes of different solids.

<u>Data Handling:</u> In this chapter students are learnt about data interpretation and Data Organization of different scenarios. How can we organized data in the form of tabular form, bar and histogram

Activity:

SOCIAL SCIENCE

Social science is the study of how people interact with one another. The branches of social science include anthropology, economics, political science, psychology, and sociology.

Social scientists study how societies work, exploring everything from the triggers of economic growth and the causes of unemployment to what makes people happy. Their findings inform public policies, education programs, urban design, marketing strategies, and many other endeavors.

- Social science involves academic disciplines that focus on how individuals behave within society.
- It attempts to explain how society works, exploring everything from the triggers of economic growth and causes of unemployment to what makes people happy.
- Social science is a relatively new field of scientific study that rose to prominence in the 20th century.

SHORT TERM GOALS:

To enhance self- awareness and explore innate potential of the learners.

To emphasize constructivist rather than rote learning by highlighting the importance of hands-on experience. To inculcate values and foster cultural learning and international understanding in an interdependent society. To acquire the ability to utilize technology and information for the betterment of students.

LONG TERM GOALS:

To make learners understand their cultural, geographical and historical milieus and gain in- depth knowledge, attitude, skills and values necessary to bring about transformation for a better world. To make students appreciate and value everyone's right to feel respected and safe, and, also understand their Fundamental Rights and Duties and behave responsibly in the society. To imbibe 21st century learning, literacy and life skills. To provide ample scope for holistic i.e. physical, intellectual and social development of students. To enlist general and specific teaching and assessment objectives to make learning competency based in the hybrid classes. To promote Critical and Creative Thinking aligned to the 21st Century Skills in classrooms.

नाटक विधि

नाटक विधि, छात्रों को पाठ्यक्रम को समझने में मदद करने का एक प्रभावी तरीका है. नाटक के ज़रिए पढ़ाने से छात्रों का मन, शरीर, और भावनाएं सक्रिय हो जाते हैं. नाटक से जुड़ी कुछ विधियां ये रहीं:

कक्षाभिनय विधि

इस विधि में शिक्षक के मार्गदर्शन <mark>में छात्र अपनी भूमिका के</mark> मुताबिक नाटक का अभिनय करते हैं.

रंगमंच अभिनय विधि

इस विधि में नाटक को रंगमंच पर खेला जाता है. छात्र अपने-अपने पात्र के मुताबिक वेशभूषा पहनकर अभिनय करते हैं.

दादा साहब फाल्के छात्रों के लिए दादा साहब फाल्के एक प्रेरणादायी व्यक्ति उनके बारे में रोचक तथ्य

- 1. दादा साहब फाल्के का जन्म 30 अप्रैल, 1870 को महाराष्ट्र के नासिक जिले के पास त्र्यंबकेश्वर कस्बे में हुआ था। उन्होंने अपनी प्रारंभिक शिक्षा 1885 में सर जे.जे. स्कूल ऑफ आर्ट्स, मुंबई से पूरी की थी और 1890 में वे ड्राइंग, पेंटिंग और फोटोग्राफी की पढ़ाई के लिए गुजरात के वडोदरा चले गए थे।
- 2. दादा साहब फाल्के ने गोधरा (गुजरात) में बतौर फोटोग्राफर अपना करियर शुरू किया था , लेकिन प्लेग के प्रकोप के कारण अपनी पहली पत्नी और बच्चे की मौत के बाद उन्होंने फोटोग्राफी का काम छोड़ दिया था। इसके बाद वे नई तकनीकों से परिचित होने के लिए जर्मनी चले गए।
- 3. स्कूल के समय से ही उन्हें जादू में रुचि हो गई थी। उस समय उन्होंने कई तरह के स्पेशल इफेक्ट्स का भी प्रयोग किया। जर्मनी में उनकी मुलाकात जादूगर कार्ल हर्ट्ज से हुई और उन्होंने उनके साथ काम भी किया। कुछ समय बाद उन्हें भारतीय पुरातत्व सर्वेक्षण में ड्राफ्ट्समैन के तौर पर काम करने का मौका मिला, लेकिन मन न लगने के कारण उन्होंने नौकरी छोड़ दी और महाराष्ट्र वापस आ गए। वहां उन्होंने प्रिंटिंग प्रेस का कारोबार शुरू किया।

कई फिल्में या कहानियां प्रेरणादायक होती हैं और वे हमें कई तरह से प्रभावित करती हैं। हम उससे बहुत कुछ सीखते हैं; वास्तव में आप कह सकते हैं कि फिल्में समाज का दर्पण होती हैं। कभी-कभी कहानियाँ हमें प्रेरित करती हैं जबिक कभी-कभी यह खुशी से भरी होती है।

हम फिल्मों से नए विचारों को सीखते हैं क्योंकि वे कुछ आभासी तकनीक को दिखाते हैं जो हमें उन्हें बनाने और नए विचार देने के लिए प्रेरित करती हैं।

हम नवीनतम चलन को भी जानते हैं, या तो यह फैशन है या कुछ और है, सस्बे पहले यह फिल्मों में देखा जाता है और फिर यह वायरल हो जाता है। कुछ फिल्में हमें बहुत प्रेरित करती हैं और कभी-कभी यह हमारे जीवन को भी बदल देती है और हमें नई आशा से भर देती है।

नारा लेखन

नारा लेखन एक ऐसी कला है, जिसमें हम किसी विचार या संदेश को कुछ शब्दों में प्रभावी और आकर्षक तरीके से पेश करते हैं। एक अच्छा स्लोगन ऐसा होता है, जो सरल और याद रखने में आसान हो, लेकिन इसका संदेश प्रभावी हो। यह सिर्फ हिंदी ग्रामर का ही नहीं बल्कि इंसानी जीवन का अभिन्न अंग भी रहा है। इसका प्रयोग अपनी बात सुनाने/कहने के लिए किया जाता रहा है। यह बहुत ही प्रभावशाली और क्रांतिकारी भी होता है।

नारा क्या होता है?

नारा विभिन्न विषयों से संबंधित, समाज के किसी वस्तु की विशेषताओं को स्थापित, सार्थक, संक्षिप्त एवं प्रेरणादायक वाक्य को नारा या स्लोगन कहा जाता है। यह एक ऐसा वाक्य या शब्द है जो समूह के लोगों की जुबान पर चढ़ जाता है और लोगों को प्रेरित करने की क्षमता रखता है। इसकी हर एक शब्द में शक्ति होती है जो मन को अचूक प्रभाव डालती है जिससे मनुष्य के हृदय में जनमानस छा जाता है।

नारा क्या होता <mark>है?</mark>

छात्रों को नारा सम्बंधित पता चला की ,नारा विभिन्न विषयों से संबंधित, समाज के किसी वस्तु की विशेषताओं को स्थापित, सार्थक, संक्षिप्त एवं प्रेरणादायक वाक्य को नारा या स्लोगन कहा जाता है। यह एक ऐसा वाक्य या शब्द है जो समूह के लोगों की जुबान पर चढ़ जाता है और लोगों को प्रेरित करने की क्षमता रखता है। इसकी हर एक शब्द में शक्ति होती है जो मन को अचूक प्रभाव डालती है जिससे मनुष्य के हृदय में जनमानस छा जाता है।

नारा-लेखन करते समय लयात्मक शब्दों का प्रयोग किया जाना चाहिए। लयबद्ध तथा तुकांत शब्दों का चयन नारा लेखन को प्रभावी एवं आकर्षक बनाने में सक्षम होता है। नारों के प्रकार नीचे दिए गए हैं-

विज्ञापन लेखन

छात्रों के लिए विज्ञापन लेखन का महत्व है कि यह उन्हें लेखन कौशल को बेहतर बनाने में मदद करता है. विज्ञापन लेखन से जुड़े कुछ और फ़ायदेः

विज्ञापन लेखन से छात्रों को प्रचार-प्रसार के बारे में जानकारी मिलती है.

विज्ञापन लेखन से छात्रों को उत्पादों और सेवाओं के गुणों के बारे में जानकारी मिलती है.

विज्ञापन लेखन से छात्रों को ग्राहकों को आकर्षित करने के तरीके के बारे में जानकारी मिलती है.

विज्ञापन लेखन से छात्रों को अपने विचारों को व्यक्त करने का मौका मिलता है.

विज्ञापन लेखन से छात्रों को अपने लेखन कौशल को बेहतर बनाने में मदद मिलती है.

विज्ञापन लेखन से छात्रों को अपने ब्रैंड के समग्र व्यक्तित्व को दर्शाने का मौका मिलता है.

विज्ञापन लेखन करते समय इन बातों का ध्यान रखना चाहिए:

विज्ञापन का संदेश स्पष्ट और संक्षिप्त होना चाहिए.

विज्ञापन का संदेश प्रासंगिक और उपय्क्त होना चाहिए.

विज्ञापन आकर्षक और दिलचस्प होना चाहिए.

विज्ञापन विश्वासपात्र और सत्य होना चाहिए.

अपने प्रचार के बारे में साफ़-साफ़ जानकारी देनी चाहिए.

हेडलाइन का विवरण से मिलान करना चाहिए.

चर्चा विधि

चारों के लिए परिचर्चा विधि का मतलब है, एक ही विषय पर चार लोग विचार-विमर्श करना. यह एक इंटरैक्टिव प्रक्रिया है. इसमें छात्र और छात्रों के बीच, या छात्र और शिक्षक के बीच संचार होता है. परिचर्चा विधि से छात्रों के विचारों, अवधारणाओं, और विचार प्रक्रियाओं पर चर्चा की जा सकती है.

परिचर्चा विधि के लिए योजना बनाते समय इन बातों का ध्यान रखें:

किस विषय पर चर्चा करनी है

प्रमुख अधिग<mark>म बिंदु क्या होंगे</mark>

चर्चा श्रू कर<mark>ने के लिए क्या सवाल पूछे जाएंगे</mark>

कितने समूह <mark>बनाए जाएंगे</mark>

वक्ताओं को कितना समय दिया जाएगा

कौन समरी करेगा

अधिगम के उद्देश्यों को कैसे हासिल किया जाएगा

परिचर्चा विधि के दौरान इन बातों का ध्यान रखें:

परिचर्चा का मकसद दूसरे के विचारों से सहमत होना नहीं होना चाहिए, बल्कि सूचना का आदान-प्रदान करना होना चाहिए.

छात्रों को अपनी विचार प्रक्रियाओं को स्वतंत्र रूप से व्यक्त करने के लिए प्रोत्साहित करें.

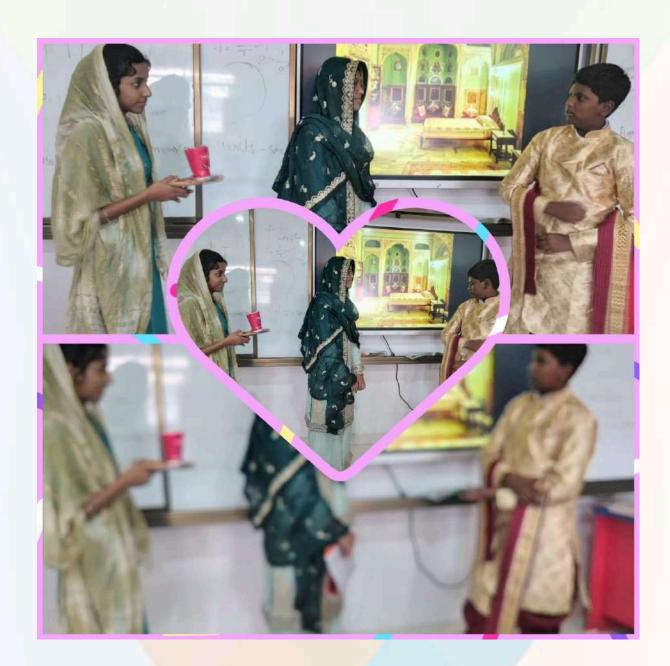

छात्रों के गलत उत्तरों को ठीक न करें, बल्कि उन्हें अपनी विचार प्रक्रियाओं पर ध्यान देने के लिए प्रोत्साहित करें.

छात्रों के गलत होने की स्थिति में उनका मार्गदर्शन करें.

कक्षा-कक्ष को जीवंत, रंगीन और जानकारी से भरपूर समझें, यह सब अक्सर अनदेखा किए जाने वाले संसाधन की बदौलत है: पोस्टर। शिक्षा में पोस्टर का उपयोग करने के लाभ कई गुना हैं, जो छात्रों के सीखने और शिक्षकों के निर्देश देने के तरीके पर स्पष्ट रूप से प्रभाव डालते हैं। यह शक्तिशाली उपकरण किसी भी शैक्षणिक स्थान को एक गतिशील शिक्षण वातावरण में बदल सकता है, जिज्ञासा को उत्तेजित कर सकता है और बातचीत को प्रोत्साहित कर सकता है।

इस पोस्ट में शिक्षा में पोस्टर के उपयोग के शीर्ष 7 लाओं पर चर्चा की जाएगी। तो, चलिए शुरू करते हैं!

पोस्टर दृश्य शिक्षार्थियों के लिए एक उत्कृष्ट उपकरण हैं, जो छात्रों का एक महत्वपूर्ण प्रतिशत है। अन्य शिक्षण सामग्री के साथ दृश्य सहायता के रूप में शैक्षिक पोस्टर का उपयोग करके, शिक्षक जानकारी को आकर्षक और आकर्षक तरीके से प्रस्तुत कर सकते हैं, जिससे छात्रों के लिए सीखने की प्रक्रिया को समझना और याद रखना आसान हो जाता है। पोस्टर छिवयों, चार्ट, आरेखों और इन्फोग्राफिक्स को शामिल करते हुए दृश्य उत्तेजना के माध्यम से जिटल विचारों को प्रभावी ढंग से संप्रेषित करते हैं, जिससे छात्रों को अपनी गित से अवधारणाओं को समझने की अनुमित मिलती है। एक अच्छा आर्ट पोस्टर डिज़ाइन दोहराव के माध्यम से जानकारी को सुदृढ़ करने में मदद करता है, जिससे बेहतर अवधारण और याददाश्त होती है।

GRADE 9 ENGLISH

Welcome To A New Tam of Learning

As we embark on the second term of this academic journey, we are delighted to bring you another edition of our newsletter. This serves as a platform to update everyone on the progress made in English while showcasing the dedication of our students in mastering various topics and enhancing their Listening, Speaking, Reading, and Writing (LSRW) skills. At Kairos Global School, we believe that effective teaching and learning pave the way for academic excellence. Our English curriculum is thoughtfully designed to strengthen communication skills—both spoken and written—while nurturing a love for literature and language.

<u>AGlimpseintoOurLearningJourney</u>

Grade 9 students have explored a range of captivating literary pieces, from deeply thought-provoking poems to heartwarming short stories. They studied "On Killing a Tree" by Gieve Patel, which metaphorically highlights the deep-rooted persistence of nature and how destroying a tree takes much more than a single act. "The Lake Isle of Innisfree" by W.B. Yeats beautifully captures the poet's longing for peace and solitude in nature. In the realm of short stories, "The Happy Prince" by Oscar Wilde conveyed themes of selflessness and sacrifice through the story of a compassionate prince and a kind-hearted swallow. O. Henry's "The Last Leaf" illustrated the power of hope and friendship through the tale of a struggling artist and an old neighbour's unexpected act of kindness. "A House Is Not a Home" by Zan Gaudioso shed light on the challenges of change and the comfort found in familial love and support.

Enhancing Writing Skills

Throughout the first term, significant focus was placed on refining students' writing abilities. They learned to construct compelling thesis statements, structure paragraphs effectively, and develop clear, persuasive arguments. Engaging in descriptive writing exercises allowed them to articulate vivid imagery while describing characters, settings, and emotions. Additionally, they practiced formal writing formats such as crafting notices and composing meaningful diary entries. To further enhance their creativity, students created personal blogs, which they proudly presented in class.

MasteringGrammarforEffectiveCommunication

A solid grasp of grammar is essential for precise and confident expression. This term, students have focused on mastering key topics such as tenses, subject-verb agreement, and modal auxiliaries.

These grammar concepts, aligned with the CBSE curriculum, ensure that students can communicate their ideas logically and accurately in both spoken and written English. Strengthening grammatical foundations has empowered students to articulate their thoughts more clearly and effectively.

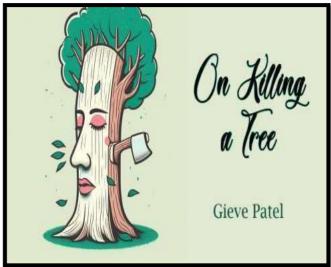

<u>Strategies to Excel in English Exams</u>

- Engage Deeply with Your Readings: Develop a habit of questioning the text— consider the motivations behind events and the significance of characters.
- Make Annotations: Highlight essential passages, jot down key points, and identify central themes to aid in better comprehension and class discussions.
- Write Regularly: Writing frequently improves fluency and expression. Focus on articulating your thoughts without worrying about perfection.
- Expand Your Vocabulary: Incorporate new words into your daily speech and writing to enhance your language skills naturally.

FinalReflections:

English extends beyond grammar and assignments; it is a medium of creativity, expression, and connection. Literature, writing, and discussions provide a window into human experiences and emotions. We encourage students to voice their opinions, engage in meaningful discussions, and appreciate diverse perspectives. As we continue this journey, let us remember that English is not just about academic success but about understanding the world and expressing thoughts effectively.

Here's to another term of insightful learning and exploration!

MATH

Math is very important in the curriculum for Grade 9 learners. Mathematics is a branch of knowledge that deals with numbers, quantities, shapes, and patterns. It provides a way to understand and interpret the world around us, using logical reasoning and problem-solving techniques. Mathematics is foundational to many fields.

Studentslearntabout

Coordinate Geometry: it is the branch of mathematics that studies geometric figures using a coordinate system. It combines algebra and geometry by representing points, lines, and shapes using numerical coordinates on a plane. Students learns about plotting the points on the coordinate plane and abscissa and ordinate terminology.

Euclid Geometry: Students learnt about set of axioms and postulates that define the properties and relationships of points, lines, angles, and shapes in a two-dimensional or three-dimensional space.

<u>Circles:</u> Students learnt different angles subtended on chord, perpendicular and cyclic quadrilaterals.

Herons: Students learnt about different shapes of triangles and how to find areas on different triangles. Students understand about how it helps in surveying, architecture, and geometry-related calculations.

Statistics: Students learn about data interpretation and data organized in the form of tables, bar graph and histogram.

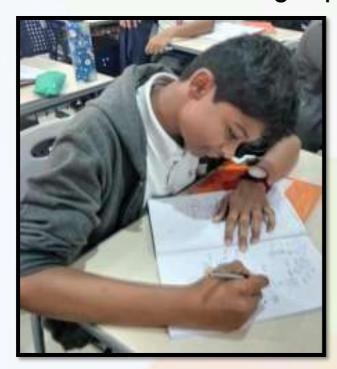

Quadrilaterals: Students learnt about different quadrilaterals and its properties. Students learnt about properties using some angle criterion on triangles.

<u>Surface areas and volumes:</u> Students learnt about 3d shapes and its area and volume and also learnt how and where we use these calculations in real life.

SOCIAL SCIENCE

Social Science aims to develop a comprehensive understanding of historical events, geographical phenomena, political systems, and economic concepts, fostering critical thinking skills, a global perspective, civic awareness, environmental consciousness, and the ability to apply knowledge to real-world situations, while focusing on the diverse aspects of contemporary India and its historical context; key areas include analyzing historical sources, interpreting geographical data, evaluating political ideologies, understanding economic indicators, and appreciating cultural diversity across different regions.

Specific learning objectives include:

Historical Understanding:

- Identify significant historical events and figures in Indian history, including the freedom struggle.
- Analyze primary sources to interpret historical narratives.
- Understand the concept of change over time and its impact on society.

Geographical Knowledge:

- Explain the geographical features of India, including its physical, climatic, and resource distribution.
- Interpret geographical data using maps and diagrams.
- Analyze the relationship between geography and human settlement patterns.

Political Awareness:

- Understand the structure and functions of the Indian government at different levels (local, state, national).
- Explain fundamental rights and duties enshrined in the Indian Constitution.
- Analyze the democratic process including elections and political parties.

• Economic Concepts:

- Identify key economic concepts like production, consumption, distribution, and exchange.
- Analyze the role of different sectors in the Indian economy.
- Understand basic economic issues like poverty, unemployment, and development.

Critical Thinking and Analysis:

- Evaluate different perspectives on historical events and contemporary issues.
- Formulate informed opinions based on evidence and analysis.
- Differentiate between facts, opinions, and biases.

Civic Responsibility:

- Understand the importance of active citizenship and participation in democratic processes.
- Analyze social issues and identify potential solutions.
- Promote values of tolerance, equality, and justice.

Environmental Awareness:

- Recognize the environmental challenges facing India and the need for sustainable practices.
- Understand the impact of human activities on the environment.
- Analyze strategies for conservation and resource management.

The students of Grade 9 in term II learnt In Geography about:

- Climate
- Natural Vegetation & Wildlife
- Population

In History they learnt about

Nazism

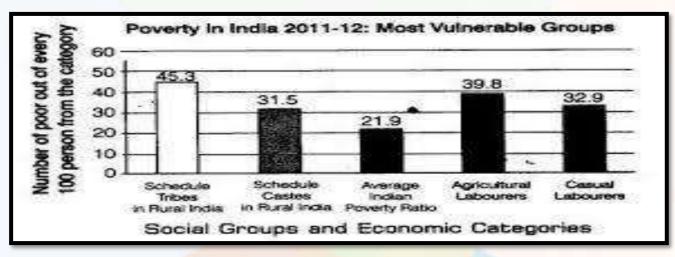

In CIVICS the students learnt about

- Working of institutions
- Democratic Rights

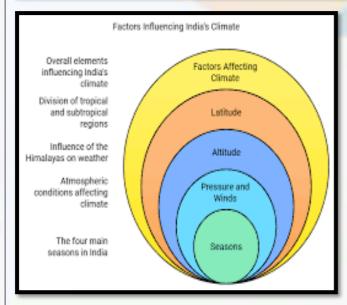

In ECONOMICS they learnt about

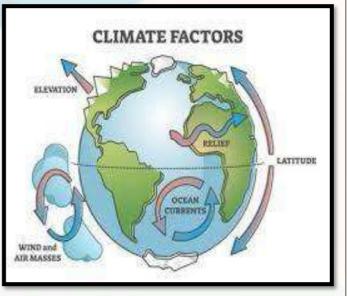

Poverty as a Challenge

छात्रों के लिए उद्योग से जुड़ना, करियर की दिशा तय करने में मददगार होता है. इससे उन्हें उद्योग से जुड़े ज्ञान और कौशल के साथ-साथ, रोज़गार के अवसर मिलते हैं.

छात्रों के लिए उद्योग से जुड़ने के फ़ायदे

उद्योग से जुड़ने से छात्रों को उद्योग के बारे में व्यावहारिक ज्ञान मिलता है. उद्योग से जुड़ने से छात्रों को उद्योग की कार्य पद्धति की बेहतर समझ होती है.

उद्योग से जुड़ने से छात्रों को वास्तविक जीवन का अनुभव मिलता है.

उद्योग से जुड़ने से छात्रों को नेटवर्किंग के अवसर मिलते हैं.

उद्योग से जुड़ने से छात्रों को इंटर्नशिप और प्लेसमेंट के अवसर मिलते हैं.

उद्योग से जुड़ने से छात्रों को उद्योग के लिए ज़रूरी कौशल का पता चलता है.

उद्योग से <mark>जुड़ने के तरीके उद्योग भ्रमण, इंटर्नशिप, प्रोजेक्ट-आधारित</mark> कार्य, व्यावसायिक प्रशिक्षण.

छात्रों को उद्योग के प्रति डोमेन ज्ञान और व्यावहारिक दृष्टिकोण और उद्योग के लिए आवश्यक कौशल के बारे में भी पता चलता है। विशेषज्ञों, तकनीशियनों और उद्योग सहयोगियों के साथ बातचीत से छात्रों में पारस्परिक कौशल विकसित करने, उनके व्यक्तित्व को निखारने और उनके पेशेवर आचरण को तैयार करने में मदद मिलती है।

औद्योगिक माल क्षेत्र अत्यंत महत्वपूर्ण है क्योंकि यह आर्थिक गतिविधि का एक बड़ा हिस्सा संचालित करता है। यह न केवल दैनिक कार्यों के लिए आवश्यक वस्तुओं और बुनियादी ढांचे का उत्पादन करता है, बल्कि रोजगार और सकल घरेलू उत्पाद की वृद्धि पर भी महत्वपूर्ण प्रभाव डालता है। इसका प्रदर्शन समग्र बाजार प्रवृत्तियों और आर्थिक स्थितियों को प्रभावित कर सकता है।

कहानी शिक्षण के उद्देश्य:

साहित्य के प्रति रुचि विकसित करना।

कहानी में निहित भावों, विचारों, नैतिक मूल्यों को ग्रहण करने की क्षमता विकसितकरना।

सृजनात्मक शक्ति का विकास करना।

शब्द, सूक्ति, मुहावरे आदि के भंडार को समृद्ध करना।

अंदाजा लगाने की क्षमता का विकास करना।

एकाग्रता को विकसित करना।

कहानी की रचनाशीलता का विकास करना।

कल्पना और स्मरण शक्ति का विकास करना।.

कक्षा में कहानी सुनाना, बच्चों के विकास के लिए बहुत फ़ायदेमंद होता है. कहानियों के ज़िरए बच्चों में भाषा, कल्पना, और तार्किक सोच का विकास होता है. कहानियां सुनने से बच्चों को नई शब्दावली और वाक्यांश सीखने का मौका मिलता है.

कहानी सुनाने के फ़ायदे:

कहानी सुनाने से बच्चों में आत्मविश्वास और सहानुभूति विकसित होती है.

कहानी सुनाने से बच्चों में समुदाय और अपनेपन की भावना आती है.

कहानी स्नाने से बच्चों में सीखने की रुचि बढ़ती है.

कहानी सुनाने से बच्चों में तर्क, विवेक, और संकल्प की वृद्धि होती है.

कहानी सुनाने से बच्चों को बोलने और लिखने की क्षमता बढ़ती है.

कहानी सुनाने से बच्चों की कल्पनाशक्ति का विकास होता है.

कहानी सुनाने से बच्चों में विचारों की क्रमबद्ध शक्ति बढ़ती है.

कहानी सुनाने से बच्चों में बोलने की आदत पड़ती है.

कहानी सुनाने का तरीका:

कहानी का विषय और भाषा कक्षा के मुताबिक सरल होनी चाहिए.

कहानी सुनाने से पहले छात्रों की रुचि और उम्र को ध्यान में रखना चाहिए.

कहानी सुनाने के बाद छात्रों को खुद कहानी सुनाने का मौका देना चाहिए.

कहानी शिक्षण

कहानियाँ सुनना – सुनाना प्राथमिक कक्षाओं में बच्चों को भाषा सीखने में Kairबहुत मदद करती है।कहानी सुनना बच्चों के लिए रुचिकर होने के साथ – साथ उनकी सृजनात्मकता को भी बढ़ाने वाला होता है। कई बार बच्चे सुनी हुई कहानी में मनचाहा बदलाव करके अपने मित्रों को सुनाते हैं। इसके द्वारा बच्चे न केवल शब्दों के अर्थ बल्कि विभिन्न घटनाओं को भी समझने लगते हैं और साथ ही यह बच्चों की कल्पनाशीलता को भी बढ़ाती है।

कहानी इस मायने में भी महत्त्वपूर्ण है कि यह बच्चों में अनुमान लगाने की क्षमता बढ़ाती है जैसे — जब कभी बच्चे कहानी सुन रहे होते हैं तो उनकी जिज्ञासा लगातार बनी रहती है कि आगे क्या होगा? वे अपने स्तर पर अनुमान लगाते रहते हैं और अगर कहानी उनकी सोच के अनुरूप आगे बढ़ती है तो वे ज्यादा आत्मविश्वासी होने लगते हैं और समय के साथ — साथ उनके अनुमान ज्यादा सटीक होते जाते हैं।

छात्रों के लिए व्याकरण का महत्व है क्योंकि यह उन्हें सही और प्रभावी तरीके से बोलने और लिखने में मदद करता है. व्याकरण सीखने से छात्रों के संचार कौशल में सुधार होता है.

व्याकरण के महत्व की वजहें:

व्याकरण के नियमों का पालन करके छात्र अपने विचारों को सही ढंग से व्यक्त कर सकते हैं.

व्याकरण से <mark>छात्रों को शब्दों का सही क्रम औ</mark>र वाक्य रचना का तरीका पता चलता है.

व्याकरण से छात्रों को भाषा के शुद्ध और स्थायी रूप का जान होता है.

व्याकरण से छात्रों को भाषा के नियमों का पता चलता है और वे भाषा का सही इस्तेमाल कर पाते हैं.

व्याकरण से छात्रों को सही शब्दावली का इस्तेमाल करने का तरीका पता चलता है.

व्याकरण से छात्रों को बोलते समय गलतियों से बचना आता है.

व्याकरण से छात्रों को रचनात्मक लेखन में मदद मिलती है.

व्याकरण से छात्रों को अपने विचारों को स्पष्ट और संक्षिप्त तरीके से संप्रेषित करने का तरीका पता चलता है.

शोध से पता चलता है कि बच्चों का व्याकरण बाद में उनकी पढ़ने की Kai समझ का अनुमान लगाता है. छात्र व्याकरण में आये हुए रचना के आधार पर वाक्य में समझ पाएँगे की रचना के आधार पर वाक्य का महत्व यह है कि इससे वाक्य के प्रकारों और उनके स्वरूप को समझा जा सकता है. रचना के आधार पर वाक्य के तीन भेद होते हैं- सरल, संयुक्त, और मिश्र.

रचना के आधार पर वाक्य के भेद:

सरल वाक्य: जिन वाक्यों में एक ही उद्देश्य और एक ही विधेय होता है, उन्हें सरल वाक्य कहते हैं. जैसे- 'मोहन गाता है', 'राम खाता है'.

संयुक्त वाक्य: जिन वाक्यों में साधारण या मिश्र वाक्यों का मेल संयोजक अवयवों द्वारा होता है, उन्हें संयुक्त वाक्य कहते हैं. जैसे- 'सभी लिख चुके हैं लेकिन सृजिता अभी तक लिख रही है'.

मिश्र वाक्य: जिन वाक्यों में एक मुख्य उपवाक्य और एक या एक से अधिक आश्रित उपवाक्य होते हैं, उन्हें मिश्र वाक्य कहते हैं. जैसे- 'राम उस मकान में रहता है जहां पहले कभी श्याम रहता था'.

रचना लेखन में व्याकरण के नियमों का पालन करना भी ज़रूरी होता है. जैसे- वाक्य के अंग (प्रधान और कृत), वाक्य के प्रकार, और वाक्य के संरचना संबंधी नियम. ऑनलाइन वर्कशीट करना ,सराव करना। संचार कौशल में सुधार

व्याकरण का सही उपयोग आपको अंग्रेजी शब्दों का सबसे अच्छा उपयोग करने की आज्ञा देगा। जैसे कि संवाद करते समय कब और किस तरह के शब्दों का उपयोग करना है। व्याकरण का उपयोग आपको बोलते समय गलतियों को खत्म करने में मदद करेगा।

चर्चा विधि एक मुख्य रूप से इंटरैक्टिव प्रक्रिया है जिसमें छात्र और छात्र व छात्र और शिक्षक के बीच संचार के कई प्रवाह शामिल होते हैं, इसलिए इसमें बहुत अधिक समय लगता है। 2. विस्तृत चर्चा के कारण पाठ्यक्रम का कुछ भाग ही पूरा होता है।

कक्षा में चर्चा छात्रों के ज्ञान, संचार कौशल, आत्मविश्वास, बातचीत कौशल आदि जैसे कई कौशल विकसित करने में मदद करती है और प्रगतिशील कक्षा की ओर ले जाती है।

चर्चा की एक परिभाषित विशेषता यह है कि छात्रों के पास ज्ञान, समझ या व्याख्या के निर्माण में काफी एजेंसी होती है। दूसरे शब्दों में, प्रतिभागियों Kai की प्रतिक्रियाओं की व्यवहार्यता या वैधता का मूल्यांकन करने के लिए उनके पास काफी "व्याख्यात्मक अधिकार" होता है।

शिक्षण में कविधियाँ हैं -शिक्षण विधियों के प्रकारों में विभेदित अनुदेशन, व्याख्यान-आधारित अनुदेशन, प्रौद्योगिकी-आधारित शिक्षण, समूह शिक्षण, व्यक्तिगत शिक्षण, पूछताछ-आधारित शिक्षण, गतिज शिक्षण, खेल-आधारित शिक्षण और अभियान-आधारित शिक्षण शामिल हैं।

सभी विषयों में सीखने के लिए चर्चा महत्वपूर्ण है क्योंकि यह छात्रों को जानकारी प्राप्त करने के बजाय उसे संसाधित करने में मदद करती है। चर्चा का नेतृत्व करने के लिए व्याख्यान देने से अलग कौशल की आवश्यकता होती है। चर्चा का लक्ष्य छात्रों को पाठ्यक्रम सामग्री के बारे में सोचने का अभ्यास कराना है।

एक व्यक्ति के रूप में, चर्चा के दौरान कक्षा में मेरा व्यवहार विषय के बारे में मेरी रुचि और ज्ञान के स्तर पर निर्भर करेगा। अगर मैं अच्छी तरह से सूचित और व्यस्त हूँ, तो मैं सक्रिय रूप से भाग लूँगा, अपने विचार साझा करूँगा और चर्चा में योगदान दूँगा।

शिक्षण विधि वस्तु के माध्यम से कार्य करती है और वस्तु तभी कार्य कर सकती है जब उसमें किसी शिक्षण विधि का प्रयोग किया जाए" बाईनिंग एवं बाईनिंग - शिक्षण शास्त्र को शिक्षण की प्रक्रिया का स्थिर पहले न माना जाए, वरन् उसे शिक्षा के गत्यात्मक कार्य के रूप में ग्रहण किया जाना चाहिए।

प्रशंसा में स्वतंत्र रहें और आलोचना में रचनात्मक रहें।

नकारात्मक टिप्पणियाँ किसी विशेष प्रदर्शन से संबंधित होनी चाहिए, कलाकार से नहीं। <mark>छात्रों के काम पर बि</mark>ना किसी निर्णय के प्रतिक्रिया दें, सुधार के अवसरों पर ज़ोर दें, उन्नति को प्रोत्साहित करने के तरीके खोजें और छात्रों को भेड़-बकरियों में विभाजित करने से बचें।

छात्रों के लिए लेखन कौशल का महत्व

लेखन सिखाना और लेखन अभ्यास प्रदान करना छात्रों में ऐसे कौशल पैदा करता है जिनका उपयोग वे अपने शैक्षणिक जीवन में और उसके बाद भी कर सकते हैं। आइए कुछ प्रमुख संदर्भों में छात्रों के लिए लेखन के महत्व की जाँच करें: पढ़ना-लिखना संबंध, सीखने के लिए लिखना, लेखन प्रक्रिया और लेखन के तरीके।

कविता मूल रूप से मौखिक परंपरा के रूप में विकसित हुई। ऐतिहासिक रूप

से, कविता को लिखकर आगे नहीं बढ़ाया जाता था, बल्कि इसे बोले गए शब्दों के रूप में साझा किया जाता था। कविता का अधिकांश भाग मौखिक होता है, जहाँ लय और तुकबंदी एक केंद्रीय भूमिका निभाते हैं। अपने छात्रों को कविता को संगीत और ध्विन के रूप में समझना सिखाना भी कविता को एक प्रदर्शन के रूप में समझने में मदद करेगा। उदाहरण के लिए, प्रदर्शन कवि बेंजामिन सफ़िनयाह को लें, जिन्होंने स्कूलों के लिए कविता का प्रदर्शन किया है और युवाओं को प्रेरित करना जारी रखा है। अपने छात्रों को प्रेरित करने और कविताएँ प्रस्तुत करने से उन्हें दर्शकों के सामने सार्वजिनक बोलने के कौशल और आत्मविश्वास का निर्माण करने में मदद मिलेगी। ये सार्वजिनक बोलने के कौशल उनके साथ उनके शैक्षणिक और व्यावसायिक वर्षों में आगे बढ़ेंगे, एक ऐसा उपकरण जो उन्हें प्रतिस्पर्धात्मक लाभ देने के लिए होगा।

कविता छात्रों को रूपक, कल्पना और प्रतीकात्मकता के साथ खुद को और अपनी पहचान को व्यक्त करने की अभिव्यक्ति की स्वतंत्रता प्रदान करती है। इस तरह से भाषा का स्वतंत्र रूप से उपयोग करने में सक्षम होने से छात्रों को जीवन और सामान्य अनुभवों पर नए दृष्टिकोण प्राप्त करने में मदद मिलेगी। कविता अक्सर भावनाओं की एक जटिल शृंखला का पता लगाती है और छात्रों को इन्हें पहचानने के लिए प्रोत्साहित करने से उन्हें अधिक भावनात्मक बुद्धिमता विकसित करने में मदद मिलेगी। यह उन्हें आत्म-जागरकता की एक बड़ी भावना विकसित करने में भी मदद करेगी जिसे वे जीवन भर अपने साथ रख सकते हैं। कविता एक ऐसा तरीका बन सकती है जिससे छात्र अपने विचार साझा कर सकते हैं जिन्हें अन्यथा उन्हें संप्रेषित करने और व्यक्त करने में कठिनाई होती है, और इस अर्थ में यह वास्तव में एक स्वतंत्र अनुभव है।

कविता शिक्षण का मुख्य उद्देश्य है- छात्रों को भाषा के शास्त्रीय पक्ष का ज्ञान कराना। छात्रों को भावानुसार वाचन की दक्षता प्रदान करना। छात्र की उदात भावनाओं का संवर्धन व रसानुभूति।

कविता शिक्षण की सर्वश्रेष्ठ विधि खंडान्वय विधि है. यह विधि सभी स्तरों के लिए उपयुक्त है और इसमें छात्र सक्रिय रहते हैं. कविता शिक्षण के लिए अन्य विधियां भी हैं, जैसे कि व्यास विधि, गीत-नाट्य प्रणाली, अर्थबोध प्रणाली, भाव-विश्लेषण, आदर्श पाठ, पुनरावृत्ति, मूल्यांकन, और गृहकार्य.

GRADE 10 ENGLISH

"Don't be afraid to make language mistakes; they're the stepping stones on the path to linguistic brilliance." AMANDA NAPITU

Welcome to the world of English, where we dive into the beauty, complexity, and joy of the English language. English is important because it serves as a global lingua franca, facilitating communication across diverse linguistic backgrounds. It is the dominant language in international business, science, technology and educational institutions, offering access to a wealth of resources and career opportunities.

<u>ExploringtheWorldofEnglish:AJourneyinto Language</u> <u>and Literature</u>

English is more than just a language; it is a gateway to global communication, culture, and knowledge. As the dominant medium in international business, scientific research, technology, and academia, proficiency in English unlocks countless opportunities for education and career growth. Furthermore, it serves as the cornerstone of global media, literature, and entertainment, allowing individuals to engage with diverse perspectives and ideas.

TheBeautyofLiterature

The Grade 10 English syllabus is carefully designed to shape students' perspectives, emotions, and understanding of the world. The second half of the syllabus offered an opportunity to revisit the works of literary greats such as Adrienne Rich, W.B. Yeats, John Berryman, and Ogden Nash. Their timeless poems, including *The Trees, For Anne Gregory, The Ball Poem*, and *The Tale of Custard the Dragon*, introduced students to various themes and emotions.

- The Trees by Adrienne Rich explores the theme of freedom and the silent struggles of nature, using the metaphor of trees breaking free from confinement.
- For Anne Gregory by W.B. Yeats presents a thought-provoking dialogue between an old man and a young girl about the transient nature of beauty and the desire to be loved for one's inner self.
- The Ball Poem by John Berryman is a poignant reflection on loss and the journey of coming to terms with it, symbolized through a child's reaction to losing his ball.
- The Tale of Custard the Dragon by Ogden Nash is a humorous poem about a seemingly timid dragon who turns out to be the bravest of all when danger strikes.

Moving into the second term, students were introduced to insightful and deeply touching stories such as *Glimpses of India*, *Sermon at Benares*, and *A Letter to God*.

- Glimpses of India presents vivid portraits of different regions of India
 through three sections: A Baker from Goa highlights the importance of
 traditional bread makers, Coorg describes the breathtaking beauty and
 cultural richness of the region, and Tea from Assam explores the origins and
 significance of tea plantations.
- Sermon at Benares shares the teachings of Gautama Buddha, focusing on the impermanence of life and the importance of overcoming grief.
- A Letter to God by Gregorio López y Fuentes narrates the touching story of a farmer, Lencho, whose unwavering faith in divine intervention remains unshaken even after he faces a devastating storm.

Mastering Grammar and Writing Skills

Understanding literature is not just about reading; it also involves analyzing the intricacies of language, including grammar and writing techniques. Grade 10 students delved into essential grammatical concepts such as tenses, modals, determiners, subject-verb agreement, and direct-indirect speech.

- Tenses help convey the timing of actions and provide clarity in communication, making it easier to construct meaningful narratives and descriptions.
- Modal auxiliaries like "can," "might," "should," and "must" add depth to expressions, allowing speakers and writers to indicate probability, necessity, permission, and ability.
- Direct and indirect speech rules enabled students to improve their storytelling and reporting skills, ensuring clarity and accuracy in both spoken and written communication.

Writing is a fundamental aspect of effective communication, both academically and professionally. To refine their writing skills, students practiced various forms of composition, including descriptive paragraphs, formal letters, and analytical writing, particularly SWOT analysis.

- Descriptive paragraphs help students organize thoughts clearly and present vivid imagery, enhancing their ability to engage readers.
- Formal letter writing is an essential skill for professional and academic communication, ensuring clarity, respectfulness, and structure.
- Analytical writing involves evaluating information, forming logical arguments, and interpreting complex ideas. The introduction of SWOT (Strengths, Weaknesses, Opportunities, Threats) analysis helped students develop critical thinking and structured writing techniques.

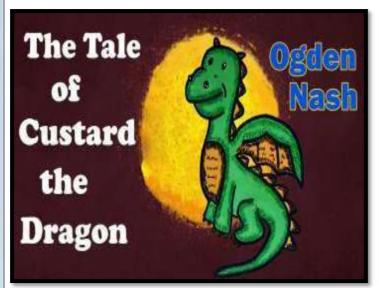

Helpful Insights for Students

- "The more you read, the better you write." Reading diverse genres—from novels and poetry to news articles and essays—enhances vocabulary, comprehension, and writing style.
- Engage actively with literature by analysing characters, themes, and writing styles to develop a deeper appreciation for storytelling and language.
- Practice writing regularly, focusing on clarity, coherence, and creativity to strengthen communication skills.

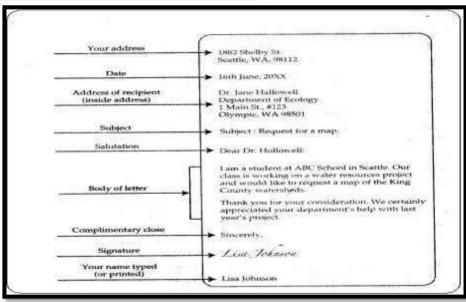

Mastering English is a continuous journey, and with dedication and curiosity, students can unlock the full potential of this rich and dynamic language.

MATH

Math is very important in the curriculum for Grade 10 learners. Mathematics is a branch of knowledge that deals with numbers, quantities, shapes, and patterns. It provides a way to understand and interpret the world around us, using logical reasoning and problem-solving techniques. Mathematics is foundational to many fields.

Students learnt about

<u>Application of Trigonometry:</u> Students learnt about how can apply the trigonometry on real life application by solving some different examples.

<u>Similar Triangles:</u> In this chapter students learnt about congruence and similar triangle difference with some similarities and proportionality on triangles.

<u>Probability:</u> This chapter students learnt about chance of occurrence with different experiment like rolling a dice, coins and deck of cards. Based on this student were interested to participate in activity based learning.

<u>Co-Ordinate Geometry:</u> In this chapter students learnt about plotting the points on to the graph, distance between two points on to the coordinate plane, mid-point formula and trisection.

<u>Circles:</u> In this chapter students are learnt about tangent and point of contact, tangents drawn from external point are equal.

Area Related on Circles: In this chapter students learnt about major arc, minor arc, major and minor segment, area about sector.

Activity:

Did activity on Similar triangles with different shapes by similarity.

SOCIAL SCIENCE

Imagine a world without social science – a world where history remains a mystery, geography an uncharted territory, and politics an enigma. With social science, we have the tools to understand the past, navigate the present, and shape the future.

Social science education is a journey of discovery, where students explore the human experience through the ages and across continents. They learn about the triumphs and tribulations of societies, the economic forces that shape our lives, and the intricate web of political systems. They gain insights into the complexities of human behaviour and society's ever-evolving dynamics.

In conclusion, the importance of social science cannot be overstated. It moulds students into informed, empathetic, and engaged citizens of the world. At KAIROS GLOBAL SCHOOL, we recognize that every child is unique and deserves the opportunity to grasp the significance of social science in their life

Social Sciences at secondary stage primarily aim at understanding analytically various phenomena in immediate social environment. The learners are introduced to the diversity of people and their practices in different societies, region and cultures within societies. Social sciences have an important role in generating sensitivity towards human values of compassion, trust, peace, cooperation, social justice, environmental protection and other concerns. It develops with one's own social environment-self, family, social environment and its interaction with various geographical, historical, social, economic, and political factors. Familiarizing the learner with the dynamics in the evolution process is necessary so that she/he develops sufficient awareness to understand disciplinary values of these interlinked disciplines independently.

Social science classes cover many topics, providing students with a comprehensive understanding of society and the world. Some of the common topics covered in social studies classes include:

History: Students study the past to understand how it has shaped the present. They learn about significant historical events, explore different civilizations, and analyze the impact of historical figures on society.

Geography: Geography helps students understand the Earth's physical features, climate, and human-environment interactions. They learn about different regions, their cultures, and the world's interconnectedness.

Economics: Economics introduces students to basic economic concepts, such as supply and demand, market structures, and personal finance. It helps them understand the principles of trade, money management, and the role of government in the economy.

Political Science: Political science explores different forms of government, political ideologies, and the functioning of political systems. It helps students understand the rights and responsibilities of citizens and the importance of active participation in democracy.

The First Printed Books - China

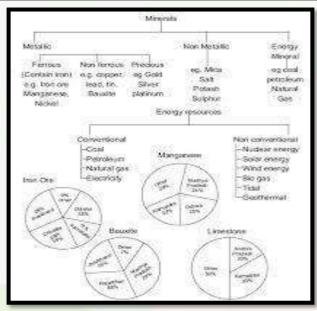

- From 594 AD onwards, books were printed in China by rubbing paper against the inked surface of woodblocks.
- The traditional Chinese Accordion Book was folded and stitched at the side because both sides of the thin, porous sheet could not be printed.
- The imperial state of China sponsored the large scale printing of textbooks for Civil Service examination.
- ✓ The number of candidates for the examinations increased from the 16th century, and this increased the volume of print. By the 17th century, the use of print diversified.
- Merchants used print in day-to-day life because they collected trade related information. Fictional narratives, poetry, autobiographies & romantic plays became the staple for the reading public.

कक्षा १०

विभिन्न शिक्षण शैलियों को अपनाना

हर छात्र की एक अन्ठी निरंतर सीखने की शैली होती है, और पोस्टर विभिन्न सीखने की प्राथमिकताओं को पूरा करने वाला एक बहुमुखी उपकरण है। चाहे दृश्य, श्रवण या गतिज शिक्षार्थी हों, पोस्टर सभी के लिए कुछ न कुछ प्रदान करते हैं। पोस्टर दृश्य शिक्षार्थियों को आकर्षित करने और छात्रों को प्रेरित करने के लिए छवियों और पाठ का उपयोग करते हैं; उन्हें श्रवण शिक्षार्थियों को शामिल करने के लिए चर्चाओं और बहसों के लिए संकेत के रूप में इस्तेमाल किया जा सकता है, और वे गतिज शिक्षार्थियों को पूरा करने के लिए हाथों से की जाने वाली गतिविधियों को शामिल करके इटरैक्टिव भी हो सकते हैं।

एक प्रेरक शिक्षण वातावरण का निर्माण

पोस्टर जैसे दृश्य सहायक उपकरण द्वारा प्रदान की जाने वाली विविधता और उत्तेजना के बिना कक्षा में सीखना नीरस हो सकता है। पोस्टर एक समृद्ध और जीवंत सीखने का माहौल बनाते हैं जो छात्रों का ध्यान आकर्षित करता है और सीखने में उनकी रुचि जगाता है। उत्साहजनक संदेशों के साथ रंगों और ग्राफिक्स का समृद्ध मिश्रण खाली दीवारों की नीरसता को एक प्रेरक सीखने के परिदृश्य में बदल देता है, जो छात्रों के लिए प्रेरणा का एक निरंतर स्रोत बन जाता है। पोस्टर के साथ, कक्षा ज्ञान का एक सूक्ष्म जगत बन जाती है, जो हमेशा छात्रों की नज़र में मूल्यवान जानकारी से सजी होती है।

रचनात्मकता और आत्म-अभिव्यक्ति को बढ़ावा देना

आकर्षक पोस्टरों के साथ, छात्र अपनी रचनात्मकता और आत्म-अभिव्यक्ति को मज़ेदार और आकर्षक तरीके से प्रदर्शित कर सकते हैं। शिक्षक छात्रों को अपनी पसंद के विषय पर शोध करने और जानकारी प्रस्तुत करने के लिए प्रोत्साहित करने के लिए पोस्टर प्रोजेक्ट दे सकते हैं। यह उन्हें सीखने के लिए प्रेरित करता है और उन्हें दृश्य सहायता के माध्यम से खुद को व्यक्त करने की अनुमित देता है। पोस्टर छात्रों को अपनी कल्पना का उपयोग करने और रंग, लेआउट और डिज़ाइन जैसे तत्वों के साथ प्रयोग करने की अनुमित देते हैं, जिससे उनके कलात्मक कौशल को बढ़ावा मिलता है। यह सहयोग को भी प्रोत्साहित करता है, क्योंकि छात्र समूह के सामूहिक प्रयास का प्रतिनिधित्व करने वाले पोस्टर बनाने के लिए एक साथ काम कर सकते हैं। जब पोस्टर और अन्य शैक्षणिक सामग्री की छपाई की बात आती है, तो आपकी ऑनलाइन प्रिंटिंग सेवा है। प्रिंटिंग विकल्पों की एक विस्तृत शृंखला की पेशकश करते हुए, उच्च-गुणवत्ता वाले, जीवंत प्रिंट सुनिश्चित करता है जो ध्यान आकर्षित करते हैं और जिज्ञासा को प्रज्वलित करते हैं। उनके कस्टम-मेड समाधान आपकी ज़रूरतों को पूरा करते हैं, चाहे आप एक शिक्षक हों जो अपनी कक्षा को बेहतर बनाना चाहते हों या एक छात्र जो अपनी रचनात्मकता को व्यक्त करना चाहता हो।

पोस्टर दृश्य शिक्षार्थियों के लिए एक उत्कृष्ट उपकरण हैं, जो छात्रों का एक महत्वपूर्ण प्रतिशत है। अन्य शिक्षण सामग्री के साथ दृश्य सहायता के रूप में शैक्षिक पोस्टर का उपयोग करके, शिक्षक जानकारी को आकर्षक और आकर्षक तरीके से प्रस्तृत कर सकते हैं, जिससे छात्रों के लिए सीखने की प्रक्रिया को समझना और याद रखना आसान हो जाता है। पोस्टर छिवयों, चार्ट, आरेखों और इन्फोग्राफिक्स को शामिल करते हुए दृश्य उत्तेजना के माध्यम से जिटल विचारों को प्रभावी ढंग से संप्रेषित करते हैं, जिससे छात्रों को अपनी गित से अवधारणाओं को समझने की अनुमित मिलती है। एक अच्छा आर्ट पोस्टर डिज़ाइन दोहराव के माध्यम से जानकारी को सुदृढ़ करने में मदद करता है, जिससे बेहतर अवधारण और याददाश्त होती है।

कविता का उद्देश्य सौन्दर्यभाव को जागृत करना है। जिस सौन्दर्य को हम अपने आस-पास विद्यमान होते हुए भी अनुभव नहीं कर पाते उसे कविता के माध्यम से अनुभव करने लगते हैं। क्योंकि कविता श्रोता को एक सौन्दर्य बोधक दृष्टि प्रदान करती है और वे भाव - सौन्दर्य, शब्द सौन्दर्य तथा ध्विन सौन्दर्य सभी की अनुभूति करने लगते हैं।

कविता की मुख्य विशेषता होती है, रसानुभूति की प्रबलता। कविता में मानव कवि अपने विचारों और मनोभावों को व्यक्त करता है, इसमें भावना एवं कल्पना की प्रधानता रहती है। कविता रस से भरी होती है और उसमें कवि की रस से भरी अनुभूति अभिव्यक्त रहती है। इसलिए कविता को पढ़ना या सुनना को रसानुभूति की प्रबलता होती है।

"कविता शिक्षकों को अपने छात्रों को किसी भी पाठ को लिखना, पढ़ना और समझना सिखाने में सक्षम बनाती है। कविता छात्रों को भावनाओं को व्यक्त करने का एक स्वस्थ माध्यम दे सकती है"

स्कूल में बहुत कुछ शब्द गणना या लक्ष्य को पूरा करने के बारे में होता है, लेकिन कविता हमें कुछ शब्दों में बहुत कुछ कहने का प्रभाव सिखाती है। यह हमें यह भी प्रोत्साहित करती है कि हम जो लिखते हैं उसमें प्रत्येक शब्द का एक-एक प्रभाव हो। जब एक ट्वीट या फेसबुक पोस्ट को बदनाम किया जा सकता है, और जंगल की आग की तरह फैलाया जा सकता है, जिससे संभावित रूप से किसी युवा की प्रतिष्ठा बर्बाद हो सकती है, तो कविता पढ़ने से बच्चों को लघु-रूप भाषा के प्रभाव को समझने में मदद मिल सकती है।

"कविता हमें उन भावनाओं को शब्दों में व्यक्त करने के लिए प्रोत्साहित करती है, जिन्हें हम अन्यथा व्यक्त नहीं कर सकते ।" "यह हमें अपने डर, जुनून, खुशियों

और यादों को इस तरह से व्यक्त करने की अनुमति देता है कि वे सुरक्षित रहें, उनका सम्मान करें और अन्य लोगों को भी उन क्षणों में बातचीत करने और साझा करने का मौका दें।"

विज्ञापन किसी उत्पाद की बिक्री बढ़ाने में मदद करता है। किसी उत्पाद की मांग विज्ञापन का परिणाम है। विज्ञापन न केवल ग्राहकों और कंपनियों या उत्पादकों बल्कि बड़े पैमाने पर समाज की भी मदद करता है। विज्ञापन सामाजिक मुद्दों से निपटने और जनता को इन मुद्दों पर शिक्षित करने में मदद करता है।

छात्रों को यह समझ में आया की विज्ञापन हमारे जीवन पर कई तरह से असर डालते हैं. विज्ञापन से हमारी ख़रीददारी, जीवनशैली, और सोच-विचार प्रभावित होते हैं.

ख़रीददारी पर असर

विज्ञापन से हमें कई चीज़ों का इस्तेमाल करने में मदद मिलती है.

పాఠము పేరు : నగీతం గీతం

పాఠం నేపథ్యం: అలిశెట్టి ప్రభాకర్ గారు మినీకవిత ద్వారా నగర గీతం అనే పాఠములో నగర జీవనం గురించి రాస్తూ ఆధునిక కాలంలో మనుషులంతా నగరాల్లో జీవించాలని కోరుకుంటున్నారు. మరోవైపు పల్లెల్లో ఉపాధి అవకాశాలు తగ్గడంతో బతుకుతెరువుకోసం నగరాలకు వలసలు పెరిగాయి. నగరంలోని అనుకూలాంశాలన్నింటిని వినియోగించుకోవాలనే కోరికతో మనుషులు నగరంలో ఉండడానికి తాపత్రయపడుతున్నారు. దీనితో అనేక నగరాలు అత్యధిక జనాభాతో కిక్కిరిసిపోతున్నాయి. చాలా సమస్యలు పెరిగిపోయాయి. మనిపి యాంత్రిక స్థితిలోకి మారిపోతున్నాడు. ఈ నేపథ్యంలో నగరజీవితంలోని యథార్థదృశ్యాల్ని మన కళ్ళముందు నిలుపుతూ నగరపు మరో పార్ఫ్వాన్ని చూపుతూ వాస్తవాల్ని కఠినంగా నిర్వచించిన తీరును తెలియజెప్పడమే ఈ పాఠం ఉద్దేశం.

విద్యార్థులు చేసిన కార్యకలాపాలు:

చిత్రలేఖనం: నగర జీవితం యొక్క వివిధ అంశాలను చిత్రించారు. కొందరు రద్దీ బస్సులు, కొందరు అందమైన పార్కులు, మరికొందరు నిర్మాణాలు జరుగుతున్న ప్రాంతాలను చిత్రించారు. వారి చిత్రాలు మన నగరం యొక్క జీవన విధానాన్ని స్పష్టంగా తెలియజేస్తున్నాయి

ఈ కార్యకలాపాల (Activity)ద్వారా విద్యార్థులు ఏమి నేర్చుకున్నారు?

సృజనాత్మకత: తమ ఆలోచనలను వివిధ రూపాల్లో వ్యక్తం చేయడం సేర్చుకున్నారు.

భాపా సైపుణ్యాలు: భాషను సమర్థవంతంగా ఉపయోగించుకోవడం నేర్చుకున్నారు.

సమస్య పరిష్కారం: నగరంలోని సమస్యలను గుర్తించి, వాటికి పరిష్కారాలను కనుగొనడం సేర్చుకున్నారు.

సహకారం: సమూహంగా పనిచేయడం, ఒకరినొకరు ప్రోత్సహించడం సేర్చుకున్నారు.ఈ కార్యకలాపాలు మన విద్యార్థులలో సృజనాత్మకతను పెంపొందించడమే కాకుండా, వారిలో సమాజ బాధ్యతను కూడా పెంపొందిస్తాయి. ఈ విధమైన కార్యకలాపాలు మన విద్యార్థుల భవిష్యత్తుకు మంచి ఆధారం.

Halloween Day

Halloween was celebrated with excitement, creativity, and a festive spirit. The event brought together students and teachers for a memorable experience that combined fun and learning. The celebration began with a lively introduction by the students, where they shared the history and cultural significance of Halloween. Their engaging presentation helped everyone understand the origins and traditions of this globally celebrated festival. Adding to the excitement, several students performed Halloween-themed dances and songs, captivating the audience witho their talent and enthusiasm. A special segment featured a student presenting fascinating and lesser-known facts about Halloween, making it an enlightening and enjoyable experience for all.

Diwali

Our school marked the joyous festival of Diwali with a vibrant morning assembly, bringing together students, teachers, and staff. The celebration began with a soulful prayer song, followed by a student's speech highlighting Diwali's significance, traditions, and cultural richness. Students from various classes performed energetic dances on festive songs, filling the event with color and enthusiasm. A special dance drama depicting Lord Rama's return to Ayodhya captivated the audience and received enthusiastic applause. Beyond the festivities, students reflected on the values of kindness, gratitude, and eco-friendly celebrations. The event ended on a high note, leaving everyone enriched by the spirit of Diwali.

Kairos Synantisi

Kairos Global School was abuzz with excitement as coordinators, teachers, and students from various schools gathered for the inter-school competition, "KAIROS SYNANTISI." This vibrant event brought together talented students from reputed schools across Hyderabad, eager to showcase their skills. With a variety of competitions, the event celebrated talent, creativity, imagination, and alertness. Participants gave their all in events like Boogie Bonanza, Rhythmic Rendezvous, Jammin Jubilee, Enchantopia, Dough Delight, Funfair Frolics, Artistic Ensemble, and Snack-A-Palooza. This platform allowed students from distinguished schools to display their abilities with enthusiasm and passion, and their energy and brilliance shone through in each performance.

Trip to Botanical Garden

Our preschoolers embarked on an unforgettable field trip to the botanical garden, filled with excitement as they explored the world of plants, flowers, and trees in a stunning natural setting. The energy of our kindergarteners was contagious as we set off to discover the wonders of nature!

We were surrounded by vibrant blooms, spotting a rainbow of flowers like lotuses and daisies. Our young explorers examined different types of leaves, noting the variety in size and learning about their unique uses. The towering trees, especially the medicinal plants, captivated us, while the sensory garden invited us to touch and smell herbs like mint and lemon balm.

Children's Day

The Children's Day celebration at Kairos Global School was a vibrant and joyous event, bringing together students, teachers, and staff to honor childhood and the spirit of learning. The day was filled with a variety of performances, including dance, songs, and motivational speeches, which made it memorable for all who attended. The celebration began with a lively opening dance performance by the everenthusiastic teachers, who set the stage with their energy and enthusiasm. Following this, the teachers presented a series of group and solo songs for their students, that highlighted the joy of being young, filling the arena with their melodious voices.

One of the highlights of the day was a heartfelt speech by our Head Mistress, who shared inspiring words about the importance of nurturing dreams and working hard to achieve them. She also recited a beautiful shloka, emphasizing the values of wisdom and humility, which resonated with both students and teachers. In a truly unique moment, our Principal presented a classical dance performance, showcasing her graceful skills and dedication to the art. The students were in awe, as she moved elegantly to traditional rhythm, embodying the essence of Indian

The event concluded with students and teachers joining together for dance, celebrating the unity and joy that Children's Day represents. Overall, the celebration was a beautiful reminder of the happiness and wonder of childhood, leaving a lasting impact on all who were present.

culture and inspiring everyone to embrace their talents.

Christmas Day

Christmas is a special time of year when we celebrate love, kindness, and joy! It's a magical season filled with the warmth of togetherness, where we decorate Christmas trees, sing festive songs, and exchange gifts with our loved ones.In our school, the spirit of Christmas came alive as Santa Claus—a jolly man with a big white beard and a red suit—visited our classes, spreading happiness and handing out delightful presents and chocolates to our little learners.The children looked adorable dressed in red, embracing the festive spirit. The classrooms bloomed with joy as our little champs performed wonderful dances and engaged in various exciting activities.It was truly a lovely day filled with happiness, laughter, and unforgettable moments that reminded us of the magic of Christmas.

Unity in Diversity Celebration

Our preschoolers embraced the beauty of Unity in Diversity with a vibrant fancy dress celebration! Dressed in traditional attire from different cultures, our little stars showcased the richness of our world's heritage.

From colorful saris to festive kimonos, from cowboy hats to tribal outfits—every child shined with pride, learning that though we may be different, we are all connected.

Through music, dance, and storytelling, they discovered the power of inclusivity, respect, and friendship. Let's continue to teach our children that diversity is our strength and unity is our greatest treasure!

Primary Colour Day

Our preschoolers had an exciting and fun-filled Primary Colour Day celebration! They explored the magic of red, blue, and yellow—the primary colours that make up all other colours. From colour sorting games and interactive storytelling to hands—on painting and creative crafts, our little learners enjoyed a day full of discovery, creativity, and joy. They even dressed up in their favourite primary colours, making the classroom a bright and colourful space! Learning through play is the best way to spark curiosity and imagination in young minds. Today's activities helped children improve their colour recognition, fine motor skills, and creativity—all while having a fantastic time!

Taekwondo Belt Test

Our students unleashed their inner warriors at the recent Taekwondo Belt Test Competition! We witnessed an electrifying display of discipline, determination, and martial arts excellence as students from all grades showcased their hard work and passion. It was a celebration of respect, perseverance, and integrity – the true spirit of Taekwondo. Huge congrats to all the students who earned their new belts! A big thank you to our incredible instructors and supportive parents.

Paideia- The Student Led Conference

Paideia- a grand celebration of knowledge, innovation, and collaboration provided the students a dynamic platform to showcase their intellectual prowess, creativity, and critical thinking skills. The conference brought together young minds to engage in thought-provoking discussions, presentations, and interactive sessions. The event featured a diverse range of topics, from cutting-edge scientific discoveries and technological advancements to social issues, literature, and the arts. A major highlight of the event was the presence of Guna Ranjan Turaga, an advocate for waste management and sustainability, who shared invaluable insights on environmental conservation and responsible waste disposal. His engaging talk inspired students to adopt sustainable practices and contribute to a greener future.

Republic Day

Kairos Global School celebrated Republic Day with great enthusiasm. The event began with the flag-hoisting ceremony by our esteemed Principal Mrs. M. Srilakshmi, followed by the singing of the National Anthem.

The school's four houses performed an impressive march past, followed by the cultural program that included traditional and contemporary dances and students' speeches on the significance of Republic Day. The celebration concluded with a melodious instrumental performance of patriotic songs by one of our talented students and with the vote of thanks.

Overall, the Republic Day celebration was a reminder of our duties towards the nation and the importance of unity and integrity. It was a day filled with pride and joy.

Makar Sankranti Celebration

Kairos Global School was alive with festive cheer as we celebrated the vibrant festival of Makar Sankranti.

The day was filled with joy, cultural activities, and the spirit of togetherness. Students and teachers came together to honor the traditions of this harvest festival, showcasing colorful kites, traditional attire, and participating in exciting cultural performances.

Highlights of the celebration included kite flying and rangoli-making, which brought excitement and creativity to the forefront. It was truly heartwarming to see everyone united in celebrating the richness and diversity of our traditions.

Makar Sankranti reminds us of gratitude, hope, and the promise of new beginnings. At Kairos Global School, we take pride in nurturing these values in our students, making education a holistic and enriching experience.

White Colour Day

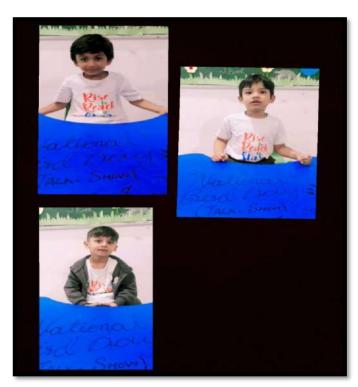

Our tinytots celebrated the purity and peace of white with a fun-filled White Colour Day! Dressed in beautiful white outfits, they embraced the elegance and serenity of this special colour. From white-themed crafts to fun games and storytelling, our little learners explored the significance of white in nature and daily life. Through hands-on activities, they discovered that white symbolizes peace, goodness, and new beginnings.

A big thank you to our wonderful parents and teachers for making this day extra special!

National Bird Day

Our preschoolers spread their wings and celebrated National Bird Day with joy and excitement! Through storytelling, art, and fun bird-watching activities, children discovered the beauty of different birds and why we must protect them. They also chirped along to bird songs and flapped their wings in playful dances! Let's continue to teach our children the value of nature and the need to protect our feathered friend!

Best Out of Waste Competition

A "Best Out of Waste" competition for kindergarteners fosters creativity, environmental awareness, and essential life skills. It promotes recycling, sustainability, and the 3Rs while enhancing problem-solving, teamwork, and communication. The activity integrates learning across subjects, boosts confidence, and nurtures resourcefulness and innovation. Additionally, it develops fine motor skills, observation, and basic scientific understanding. With parental support, this competition helps young learners grow while encouraging environmental responsibility and creativity.

Community Helpers- Fancy Dress

A *Community Helpers* fancy dress competition is a fun and educational way for preprimary children to learn about important professions like doctors, teachers, firefighters, and police officers. Dressing up and speaking about their chosen helper boosts confidence, creativity, and communication skills.

This engaging event fosters appreciation for community service while making learning enjoyable. With enthusiastic participation and parental support, it becomes a memorable and meaningful experience for young minds.

Rainbow Colour Day

Our little stars at Kairos Global School had a joyful and vibrant Rainbow Colour Day celebration! Dressed in bright hues, our pre-primary students explored the beauty of colors through fun-filled activities, crafts, and interactive learning. From colorful art projects to engaging games, the day was filled with excitement and creativity!

This special celebration helped children recognize and appreciate colors while enhancing their cognitive and motor skills. The joy on their faces truly painted a beautiful picture of learning and fun!

Holi Celebration

Holi, the vibrant festival of colors, was celebrated with great enthusiasm with our kindergartens. The young learners were excited to participate in the festivities, and the school was transformed into a colorful canvas. The celebration began with a brief introduction to the significance of Holi, explaining the triumph of good over evil and the arrival of spring. The children were then engaged in various fun-filled activities, including making colorful crafts, singing Holi songs, and playing with ecofriendly colors.

The event concluded with a message on the importance of unity, love, and togetherness, values that Holi embodies.

Graduation Day

A proud and joyous moment as our little graduates stepped into a new journey! The Pre-Primary Graduation Day at Kairos Global School was a heartwarming celebration filled with smiles, achievements, and unforgettable memories. Our tiny tots, dressed in adorable graduation gowns, walked the stage with confidence, marking their transition to the next chapter of learning.

With delightful performances, heartfelt speeches, and proud parents cheering, the event was a perfect blend of emotion and celebration. This milestone is just the beginning of many more successes to come!

Congratulations to our little graduates! Wishing them a future filled with endless learning and happiness.
